Who Killed Moosewala? The Spiralling Story of Violence in Punjab (English)
Jupinderjit Singh 2023 A POWERFUL BOOK THAT DETAILS THE DEATH AND THE SUBSEQUENT INVESTIGATION OF THE MURDER OF ONE OF THE RISING SUPERSTARS OF PUNJABI HIP-HOP. On 29 May 2022, Punjabi rapper Sidhu Moosewala left his haveli in Moosa for a quick ride to his aunt's house in the neighbouring village. He was never to return home. The singer was ambushed and gunned down by six assailants. He was only twenty-eight. The news of his death spread like wildfire; fans thronged to his village in Mansa district to pay their last respects. Others mourned him on social media. An icon for many, the rebellious young man had also been a controversial figure. There were allegations that he promoted gun culture and violence, and rumours that he had ties with certain gangs. With his sudden and violent death, the questions about his life became louder—as also those around his death. Who had killed Moosewala? Everyone wanted to know. As the police made arrests and the investigation started in earnest, a story began to emerge—one of old enmities, uncomfortable truths, disgruntled youths and the violence that simmers in Punjab, just below the surface of everyday life. In this gripping and fast-paced book, seasoned crime reporter Jupinderjit Singh closely follows the investigation into Moosewala's death and also offers us glimpses into the man he was behind the mask of celebrity. The story of the slain singer and those behind his murder, this book is also a rumination on the growing unrest in Punjab.

Spinning Wheel Magazine 1914
Great Britain and the German Navy E.L. Woodward 2019-05-23 First published in 1935, in this volume E.L. Woodward reconstructs with his usual painstaking industry the various phases of Anglo-German naval relations from the enactment of the German navy laws of 1898-1900 to the months of the apparent détente just before the outbreak of war in 1914. The principle documentary collections have been carefully consulted and the material drawn from them is woven into an extended account of negotiations which for several years kept London and Berlin preoccupied with comparative shipbuilding programmes, fleet ratios and political formulas. With excellent judgement the author skilfully sets his central theme against the background of concurrent developments in the realm of European diplomacy. Though the importance of the Navy as an international power is indubitably diminished at the moment, the matter of the actual strength of the Navy is still a matter of controversy. To some extent today we can say of this book as the reviewer in The Times Literary Supplement said on its first publication in 1935: "The circumstances of today in which naval competition has again begun may differ from those of thirty years ago; but those who read and digest this balanced and accurate account of that period will not fail to observe familiarities in the two situations."
