Complex Variables And Applications 8th Edition Solutions Scribd

an intricate or complicated association or assemblage of related things, parts, units, etc.: the entire complex of our educational system; an apartment complex. complex, complicated, intricate, involved, knotty mean having confusingly interrelated parts. complex suggests the unavoidable result of a necessary combining and does not imply a fault or failure. If someone has a complex about something, they have a mental or emotional problem relating to it, often because of an unpleasant experience in the past. COMPLEX definition: composed of many interconnected parts; compound; composite. See examples of complex used in a sentence. As a noun, a complex is a group of units, often a group of buildings. The adjective is stressed on the second syllable, but the noun is stressed on the first syllable. Complex should be used to say that something consists of several parts rather than that it is difficult to understand, analyse, or deal with, which is what complicated inherently means. Her poetry is too complex [= complicated] for my taste. The rules are complexly written. She has a complex about her appearance. Composed of interconnected parts; formed by a combination of simple things or elements; including two or more connected particulars; composite; not simple: as, a complex being; complex ideas; a … COMPLEX definition: 1. involving a lot of different but related parts: 2. difficult to understand or find an answer to….
