Down & Dirty Birding Joey Slinger 1996-07-03
Fledging birdwatchers, armchair birders, and even professional ornithologists will delight in this irreverent guide to looking, acting, and talking like a knowledgeable expert on avian life. Combining useful, accurate facts with hilarious advice, amateur birdwatcher Joey Slinger takes a wacky, witty, and informative look at the world

of birds and the people who watch them. 15 line drawings.

Dictionary of Photography and Digital Imaging Tom Ang 2001 This dictionary is designed for use by photographers, professional and amateur, and teachers and students of graphic design and digital art - in short for anyone who is concerned with capturing images, and using digital technology to scan, manipulate and publish them in whatever form. It has been pitched at a level that will make it accessible to the newcomer to the field, but with sufficient technical depth and precision, where necessary, to make it useful to the advanced practitioner as well. There are over 2100 entries, with cross references and many multiple levels of word entry; there are also numerous sidebars providing additional observations and useful

information. This is the most up-to-date, comprehensive and authoritative work in this rapidly developing and expanding area. With in-depth coverage of all aspects of the subject, easy accessibility and complete authority, it will become a standard work of reference for photographers and those working in related fields.
