The Overstreet Comic Book Price Guide Robert M. Overstreet 1999

Adult Comics Roger Sabin 2013-10-11 In a society where a comic equates with knockabout amusement for children, the sudden pre-eminence of adult comics, on everything from political satire to erotic fantasy, has predictably attracted an enormous amount of attention. Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago. In this first survey of its kind, Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present. He takes in the pioneering titles pre-First World War, the underground 'comix' of the 1960s and 1970s, 'fandom' in the 1970s and 1980s, and the boom of the 1980s and 1990s (including 'graphic novels' and Viz.). Covering comics from the United States, Europe and Japan, *Adult Comics* addresses such issues as the graphic novel in context, cultural overspill and the role of women. By taking a broad sweep, Sabin demonstrates that the widely-held notion that comics 'grew up' in the late 1980s is a mistaken one, largely invented by the media. *Adult Comics: An Introduction* is intended primarily for student use, but is written with the comic enthusiast very much in mind.

2003 Comic Book Checklist and Price Guide Brent Frankenhoff 2002

This comprehensive price guide covers more than 100,000 comics and lists 300,000 prices in three grades of condition. The convenient comic-book size makes it easy for the collector to carry to shows, and the check boxes provide a great way for collectors to keep track of their valuable comic books.

The Comic Art Collection Catalog Michigan State University. Libraries. Special Collections Division 1993 This is the most comprehensive dictionary available on comic art produced around the world. The catalog provides detailed information about more than 60,000 cataloged books, magazines, scrapbooks, fanzines, comic books, and other materials in the Michigan State University Libraries, America's premiere library comics collection. The catalog lists both comics and works about comics. Each book or serial is listed by title, with entries as appropriate under author, subject, and series. Besides the traditional books and magazines, significant collections of microfilm, sound recordings, vertical files, and realia (mainly T-shirts) are included. Comics and related materials are grouped by nationality (e.g., French comics) and genre (e.g., funny animal comics). Several times larger than any previously published bibliography, list, or catalog on the comic arts, this unique international dictionary catalog is indispensable for all scholars and students of comics and the broad field of popular culture.
