December Monthly Collection, Grade 5 2017-11-20 The December Monthly Collection for fifth grade is aligned to current state standards and saves valuable prep time for centers and independent work. The included December calendar is filled with notable events and holidays, and the included blank calendar is editable, allowing the teacher to customize it for their classroom. Student resource pages are available in color and black and white. Additional collection resources include:

- Reading: inferring, cause and effect, comprehension
- Prepositional phrases
- Opinion writing
- Dividing decimals
- Dividing decimals word problems
- Fractions: equivalent, least common denominator, simplify
- Adding and subtracting fractions
- Computer Science vocabulary
- Homework BINGO
- Winter Reading log

The December Monthly Collection for fifth grade can be used in or out of the classroom to fit the teachers' needs and help students stay engaged. Each Monthly Collection is designed to save teachers time, with grade-appropriate resources and activities that can be used alongside classroom learning, as independent practice, center activities, or homework. Each one includes ELA, Math, and Science resources in a monthly theme, engaging students with timely and interesting content. All Monthly Collections included color and black and white student pages, an answer key, and editable calendars for teachers to customize. This resource may be printed and photocopied for use in a single classroom only.

Fun Times Puzzle and Activity Book Cypress Cove Publishing 2017-06-12 This puzzle & activity book contains many hours of fun activities and is meant for all ages, and will entertain and educate at the same time. School children will benefit tremendously because they will be educated in the areas of art, arithmetic, vocabulary, logic and reasoning. Another benefit is that working these puzzles will exercise and strengthen the brain. The neurons in the brain need to be challenged with mental activity which will produce mental clarity and consequently help to ward off dementia in the elderly. The answer key to the word and math puzzles are at the back of the book. In this book there are: 54 MAZES of various styles with increasing difficulty; enter the maze and find the exit without crossing any lines. 29 WORD FIND puzzles where a list of words is scrambled in a box, and draw a line around each word as they are found. 6 COMPLETE-THE-GRID DRAWINGS. A complete image is in a grid; the same image is in the adjoining grid with pieces of the image missing. Using the completed image as a guide, draw in the missing areas. 11 WORD CREATION challenges. How many words can you create from each of the words listed? For example, bear. Eight words can be made from the word bear. Can you get all eight? 20 SUDOKU, which is a math-logic puzzle that has squares within squares with some clues shown. To solve, complete each row, column, and sub-square with numbers 1 to 9 without repeating a number. 4 KAKURO math-logic puzzles. Also known as cross sums or cross addition, kakuro is a logic puzzle like the mathematical equivalent of a crossword. The puzzle contains horizontal and vertical number clues.
