Jun 14, 2025 · Learn about analog signals, devices, and how they differ from digital counterparts through examples. The meaning of ANALOG is of, relating to, or being a mechanism or device in which information is represented by continuously variable physical quantities. How to use analog in a sentence. Something that bears an analogy to something else; something that is comparable: "Titan, Saturn's giant moon ... seems like an analog of the environment of Earth on the eve of life" (David Grindspoon). Analog Devices is global leader in the design and manufacturing of analog, mixed signal, and DSP integrated circuits to help solve the toughest engineering challenges. While the industry is almost entirely digital today, analog exists in the form of AM/FM radio, and vinyl records are still being pressed, although nowhere near the volume in their heyday. May 1, 2026 · In American English, analog is the preferred spelling for the adjective (e.g., analog signal), while analogue is often used as the noun form (e.g., meat analogue), especially in literary or ...
