SIFT Study Guide Accepted 2013-12 Whether you are just looking for more information or are ready to start seriously preparing for the exam, this is your book. As the ONLY study guide specifically made for just the SIFT exam and not a conglomerate of generalized test information for other branches (Air Force & Naval Forces), you get the test prep and practice you need and nothing else. Why buy a book where 1/3 of the pages do not even pertain to what is on the SIFT? Designed by a team of aviation and educational experts, this study guide covers all the sections of the exam, including test tips to quickly increase scores, and practice test questions like you will find on the actual exam. All SIFT exam sections covered: - Simple Drawings - Hidden Figures - Army Aviation Information - Spatial Apperception - Reading Comprehension - Math Skills - Mechanical Comprehension Since you are only allowed to take the SIFT twice ever, you must be as prepared as possible. You might already be familiar with the content of the exam, but when every second counts and a single point could make the difference, you cannot afford to risk it. You will spend less time studying and your effort will be more effective with the end result of a passing SIFT score.
