Classroom Assessment for Students in Special and General Education Cathleen G. Spinelli 2006 For courses in Assessment in Special Education. Written for future teachers and experienced educators, Classroom Assessment for Students in Special and General Education, second edition provides the skills needed to effectively use assessment, particularly informal assessment, in understanding the needs of the whole student. The primary text on classroom assessment procedures is now revised with the latest in authentic, curriculum and performance-based assessment measures with direct connections to instruction, IEP development, and reporting to parents. The focus is on providing teachers with a variety of assessment procedures, the why, what and how of testing, directions on how to construct, administer, score, interpret, graph, monitor, write, and report assessment results.

Treating Adolescent Substance Abuse Using Family Behavior Therapy Brad Donohue 2011-11-15 Praise for Treating Adolescent Substance Abuse Using Family Behavior Therapy "This is an extremely positive and strength-focused text that provides therapists with a structure and the tools to implement interventions that have a long history of promoting the types of clinical changes desired by family members and community stakeholders."—From the Foreword by Scott W. Henggeler, PhD, Professor, Department of Psychiatry and Behavioral Sciences, and Director, Family Services Research Center, Medical University of South Carolina "Kudos to Donohue and Azrin for writing a book that includes all the materials needed to implement FBT with adolescents, including prompting checklists, handouts, and worksheets."—Karol Kumpfer, PhD, Professor, Health Promotion & Education, and Chair, International Study Abroad Committee, College of Health, University

of Utah, and former director, SAMHSA's Center for Substance Abuse Prevention "Treating Adolescent Substance Abuse Using Family Behavior Therapy is an important resource for those who wish to provide an empirically supported, strengths-based, behavioral treatment for adolescents with substance-use problems and their parents." —Susan Harrington Godley, RhD, Senior Research Scientist and EBT Coordinating Center Director, and Mark D. Godley, PhD, Director, Research & Development, Chestnut Health Systems "In my practice with adolescents, FBT has proven exceptionally effective in drawing families closer together and yielding improved outcomes. This remarkably supportive approach helps young people develop critical skills necessary to live a fulfilling and drug-free lifestyle. This book clearly illustrates how to implement the interventions with ease and exemplifies the deeply gratifying experience of FBT."—Stephen A. Culp, MEd, NCC, LPCC, Addiction Services Therapist, Comprehend, Inc., Maysville, KY Listed in multiple national clearinghouses, including SAMHSA's National Registry of Evidence-based Programs and Practices and the CEBC, Family Behavior Therapy (FBT) is a scientifically supported treatment for adolescent substance abuse and its many associated problems. Written by Brad Donohue and Nathan Azrin—the premier researchers and practitioners of FBT—Treating Adolescent Substance Abuse Using Family Behavior Therapy is the first book of its kind to provide mental health professionals with the practical, step-by-step guidance needed to use this evidence-based treatment. Filled with case studies, checklists, worksheets, and handouts, this essential guide features: Strategies to assist in effective goal-setting, treatment plans, and family management Motivational enhancement exercises to encourage youth into a problem-free lifestyle Methods to effectively address contextual issues such as noncompliance and culture Standardized treatments to assist in eliminating problems that coexist with substance abuse, including unemployment, depression, behavioral misconduct, and family dysfunction

An accompanying CD-ROM contains all the book's record-keeping forms, checklists, assignments, progress notes, agendas, and worksheets in a customizable format.

Forms for Behavior Analysis with Children

Joseph R. Cautela 1983 A unique collection of 42 reproducible assessment forms designed to aid counselors and therapists in making proper diagnoses and in developing treatment plans for children and adolescents. Different assessment formats are included, ranging from direct observations and interviews to informant ratings and self-reports. Certain forms are to be filled out by children and adolescents, while others are to be completed by parents, school personnel, significant others, or the therapist.

Behavior and Classroom Management in the Multicultural Classroom Terry L. Shepherd

2014-07-29 Addressing the increasing number of culturally and linguistically diverse students in today's schools, *Behavior and Classroom Management in the Multicultural Classroom* provides general and special education teachers with the knowledge, skills, and strategies to make the proactive, active, and reactive interventions necessary to create a positive classroom environment in which all students can learn. Going beyond the traditional rules and hierarchy of consequences and reinforcements, the book demonstrates how to incorporate basic classroom management plans, functional behavioral analysis, functional behavioral assessments, and behavioral intervention plans into the development and implementation of response-to-intervention and school-wide positive behavior support programs. In every chapter, the authors use real world examples and case studies to explore how language and culture affect students' responses to behavior and classroom management. Unique chapters cover social skills training and collaborating with families of diverse students.

Behavioral, Social, and Emotional Assessment of Children and Adolescents Sara Whitcomb

2017-08-30 Generally recognized as the standard work in its field, *Behavioral, Social, and Emotional Assessment of Children and Adolescents* is a comprehensive guide for conducting conceptually sound, culturally responsive, and ecologically oriented assessments of students' social and emotional behavior. Written for graduate students, practitioners, and researchers in the fields of school psychology, child clinical psychology, and special education, it will also be of interest to those in related disciplines. Building on the previous editions, this fifth edition includes updated references to DSM-5 and federal standards as well as an integrated approach to culturally competent assessment throughout the text. In Part I, *Foundations and Methods of Assessment*, the author provides a general foundation for assessment practice and outlines basic professional and ethical issues, cultural considerations, and classification and diagnostic problems. Part II, *Assessment of Specific Problems, Competencies, and Populations*, includes material on assessing specific social-emotional behavior domains, including externalizing problems, internalizing problems, social skills and social-emotional strengths, and the unique needs of young children. A chapter on school-wide screening methods was also added with this edition. By weaving together the most recent research evidence and common application issues in a scholarly yet practical matter, *Behavioral, Social, and Emotional Assessment of Children and Adolescents* continues to be the pre-eminent foundation for assessment courses.
