Proceedings of the Fourth Pacific Science Congress, Java, May-June, 1929 1930

Teaching Social Studies S. G. Grant 2017-05-08 This book offers tasks for preservice teachers to explore social studies education deeply. Organized around Schwab's commonplaces and inquiry-based pedagogy, it includes 42 chapters with tasks, summaries, exercises, student responses, course integration, readings, and appendices.

Writing a Research Paper in Political Science Lisa A. Baglione

2025-12-23 Even though artificial intelligence and other technologies are increasingly prevalent, research and writing are still core skills for political science students. The updated Fifth Edition of *Writing a Research Paper in Political Science* both takes students step-by-step through what they need to do at each stage to write a successful paper and also makes the case for why students need these skills at all in the age of AI -- and how to use AI as a coach. In addition to using updated examples of student topics that pull from both American government and international relations, this useful, class-tested guide also includes examples of actual student writing to show readers how someone "just like them" accomplished tasks while writing their papers. Practical summaries, calendars, exercises, and a series of handy checklists make this a must-have supplement for any writing-intensive political science course.
