even better, and you store it away in your back pocket to use later on. The more you use the system, the more of these you will find, and with enough of these you turn from just a User to a Power User. To give you a head start though we have compiled 50 of the most useful tricks and tips that you can take advantage of within Dynamics AX. They range from tips on tweaking the Dynamics AX client to some of the hidden features within Dynamics AX itself that you may not know you can do. They also include tips on how to use other tools that are available to you to report better from the system, and how to use the office suite to really power charge Dynamics AX. You may not use all of these tricks and tips, but we are sure that you will be able to use a lot of them.
