Tests in Print III Buros Institute of Mental Measurements 1983 Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume. To place your standing order, please call 800-755-1105 (in the U.S.) or 402-472-3581 (outside the U.S.). Designed to complement the Mental Measurements Yearbooks, Tests in Print fills a pressing need for a comprehensive bibliography of all tests in print. Although these volumes are useful in and of themselves, their maximum usefulness requires the availability and use of the Mental Measurements Yearbooks. Although information on available tests and specific test bibliographies is valuable, the greatest service which Tests in Print can perform is to encourage test users to choose tests more wisely by consulting the MMY test reviews, the excerpted test reviews from journals, and the professional literature on the construction, use, and validity of the tests being considered.

Handbook of Psychoeducational Assessment 2001-04-17 The Handbook of Psychoeducational Assessment is a practical guide for educational and psychological professionals using norm-referenced tests in the ability, achievement, and behavioral assessment of children. Written by key individuals involved in the construction and evolution of the most widely used tests, this book provides critical information on the nature and scope of commonly used tests, their reliability and validity,

administration, scoring and interpretation, and on how the tests may differ and complement each other in their utility with specific populations. Part 1 of the Handbook of Psychoeducational Assessment focuses on ability assessment and the use of full battery intelligence tests as well as brief scales and short forms. Part 2 discusses achievement and the expanded role of psychologists in consultation with educators. Part 3 covers behavior assessment with special attention given to discussion of which tests are most suitable for assessing specific behavioral problems such as ADHD, anxiety, and depression. The final section recognizes the importance of context and person sensitive assessment practices, discussing cross-cultural assessment, neuropsychological assessment, and the usefulness of dynamic assessment for program planning and intervention delivery. Key Features: - Covers the most commonly used and newest assessment instruments - Describes the nature, scope, reliability, and validity of each test - Discusses the administration, scoring, and interpretation of tests - Provides empirical findings on patterns of performance with tested populations - Includes case studies to highlight the utility of specific tests for specific populations - Illustrates new developments in instrumentation and unique features - Covers the most commonly used and newest assessment instruments - Describes the nature, scope, reliability, and validity of each test - Discusses the administration, scoring, and interpretation of tests - Provides empirical findings on patterns of performance with tested populations - Includes case studies to highlight the utility of specific tests for specific populations - Illustrates new developments in instrumentation and unique features

Enhancing Instructional Problem Solving John C. Begeny 2012-05-25 This book presents a schoolwide model of instructional support designed

to make the most of available time, resources, and personnel—one that is also fully compatible with other problem-solving models, such as response to intervention. The authors provide a comprehensive and cohesive framework for linking assessment and intervention. They show how to interweave evidence-based instruction with targeted professional development and other components that support improved learning outcomes for all K-8 students. Helpful tables describe dozens of research-based assessments and interventions in reading, writing, and math. In a large-size format to facilitate photocopying, the volume includes more than 20 reproducible worksheets and forms. This book is in The Guilford Practical Intervention in the Schools Series, edited by Sandra M. Chafouleas.
