With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P6, Advanced Taxation, requires you to extend the core tax knowledge that you learnt for Paper F6. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. The important point about this paper is that you need to develop your application skills. The best way to do this is to practise as many exam standard questions as possible. BPP Learning Media's P6 FA2008 Practice and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips, advice on how to approach the question or advice on gaining easy marks. There is also a reference so that you know where the topics concerned are covered in the study text. BPP Learning Media is the publisher of choice for many ACCA students and tuition

providers worldwide. Join them and plug into a world of expertise in ACCA exams.

Sustainability Accounting and Accountability Jan Bebbington 2014-06-05 The management and balancing of social, environmental and economic sustainability is one of the most complex and urgent challenges facing both private and public sector organizations today; with these challenges of sustainability posing many risks to, and many opportunities for, advancing the aims and performance of organizations. Accounting and accountability processes and practices provide key tools to help organizations to more effectively identify and manage the risks and opportunities of sustainability. Popular features from the first edition are retained, whilst recent developments in theory and practice are accounted for. New substantive chapters on water resource accounting, carbon accounting, and decision making have been introduced and the book continues to benefit from a host of expert contributors from around the world, including Jesse Dillard, Rob Gray, Craig Deegan. This comprehensive and authoritative textbook will continue to be a key resource for students of accounting and sustainability, as well as being a vital tool for researchers.

Treatment for Violent Individuals. History and Treatment of Domestic Violence Fatima Sidat 2016-03-04 Essay from the year 2013 in the subject Sociology - Law and Delinquency, grade: 2:2, , course: Criminology, language: English, abstract: Violence within a criminal setting produces some interesting questions, both in terms of how the criminal justice system can look to manage and reduce the impact of violence on society, as a whole, but also within the family setting. The purpose of this paper is to consider the generic question about whether treatment is the best way to deal with violent individuals, with particular reference to the issues associated with domestic violence. By looking at this area of violence, there is the opportunity to consider wider social and psychological issues associated with violent conduct. This paper will firstly look at the definitions of domestic violence and the way in which the policies and criminal procedures have

evolved to deal with this area. Any difficulties with the issues of domestic violence will be discussed, recognising that domestic violence often needs to be looked at in a wider context than simply looking at one immediate criminal activity, as it is often seen to be a repeated situation within the family setting.
