The Tower of Alchemy David Goddard 1999 An accessible guide to the Hermetic Art. Encompassing tarot, Qabala, the Grail, yoga, and Buddhism, this investigation leads to the secret to all spiritual works and the creation of the Golden Rainbow Body, in which the alchemist, freed from birth and death, discovers the truth of existence.

Alchemy of the Soul Martin Lowenthal 2004-10-01 Life without myth, the vital force of archetypal experiences, is life filled with maladies, neuroses, addictions, and disease. Alchemy of the Soul retells the myth of Eros and Psyche to help readers reconnect mind and relatedness to find wholeness and deep meaning. Author Martin Lowenthal describes how the story of Eros and Psyche illustrates the

alchemical process of marrying soul and matter so that life can be lived with more joy, meaning, and a tangible sense of divine love. The book is divided into three parts: • Part 1 is a beautiful retelling of the myth of Eros and Psyche. • Part 2 examines the power of myth and alchemy and shows how spiritual alchemy can restore and transform the soul. • Part 3 is an initiation into the alchemical mysteries using myth as mentor. Lowenthal writes, "The story assails the defenses of our mind and our reactive habits and seeks to wrest a victory for life and growth from the inertia of daily habits and confusion. It initiates us into a world far more vibrant, rich, and nourishing than the one we knew in childhood and naively, yet regressively, settle for. In this sense, story reveals what happens as we attempt to spread our emotional wings in the

developmentally confining domain of our childhood home and community and what it takes to make something significant of ourselves in ways that feed the future. As guests of the story, we discover the larger sacred garden in which we emerge as a unique and beautiful flower in a bed of exquisite blossoms, each one unique and essential." *Alchemy of the Soul* takes alchemy from the realm of the esoteric and places it in practical terms of story—terms that anyone can understand, value, and use as a guide to life.

Archibald Cockren 2025-06-30 More than a historical study, Alchemy Rediscovered and Restored is a practical and philosophical guide to the ancient world of alchemy and the lost traditions of spiritual and material transformation. A physician deeply immersed in both science and esotericism, Archibald Cockren explores the alchemical path as a physical science and a journey of self-realisation.
