### **Social Justice in Action** Neal

A. Lester 2024-11-08

Addressing both veterans of justice work and novices seeking points of entry, the essays in this volume showcase practical approaches to diversity, equity, and inclusion: ways to build community, earn trust, tell unheard stories, and develop solutions to problems. Emphasizing values such as empathy, self-reflection, and integrity, the volume is rooted in humanities work but also features contributions from fields as diverse as the performing arts, architecture, and evolutionary biology and represents settings beyond the college campus, such as schools, libraries, museums, and prisons. While bringing insights from higher education, it critiques the system as well, exploring the ways that institutions reinforce power structures and exclude marginalized voices. Interspersed with the essays, brief reflections by activists and artists offer testimony and

inspiration.
