Croz Larrikin Kiwi Biker Graeme Crosby

2012-02-01 The Larrikin Kiwi Biker tells his story. In 1979 Graeme Crosby arrived in Britain with his worldly possessions in a carry-bag. His racing suit draped over his left shoulder, a scratched helmet in his right hand and just £150 in his wallet, he was ready to take on the world. I lifted up my cracked UV visor with my thumb. 'Which way does the track go and what's the lap record?' I called out over the noise of the valve gear rattling and clanging between my legs. the flag marshal's eyebrows raised in disbelief. I could see him muttering, 'And who the hell do you think you are - Mike Hailwood?' Four years later 'Croz', as he is affectionately known to millions of fans, walked away from the glamour of world championship Grand Prix racing, taking with him a bag full of trophies and his ever-present sense of humour. In that short time he

had achieved more than most riders could ever hope for in a lifetime of racing. Become his pillion passenger as he takes you on a fast and furious journey from the grassroots of New Zealand motorcycle racing through Australia, Japan, the UK and Europe. Experience with him the crashes, the pain, the elation of winning and the international controversies. While the politics, boycotts and tragic fatalities make enthralling reading, the common thread is his determination to enjoy life and have fun. And win a few world championships.

cyclist and amateur bike racer I feel like I can relate to every word in this book. It was so good that I bought two extra copies to give to my cyclist friends[.]"Veteran race announcer and long-time cycling enthusiast Jamie Smith sets out to explain the sport he loves and the roadies who live for it. Every seemingly neurotic tendency is explained and celebrated with humorous illustrations from nationally syndicated cartoonist Jef Mallett. This book is perfect for: Anyone who has ever known a roadie Anyone who has considered becoming a roadie Anyone who has walked away from a bike race completely puzzled Finally, a book to explain those people who roll out for a ride dressed in technicolored Lycra at the crack of dawn on Saturday, and return at sundown with a glow of satisfaction and even stronger tan lines. Whether interested onlooker or cycling aficionado, readers will find themselves laughing out loud as they revel in the roadie's world.
