

California Study Guide Program Tech

California. Court of Appeal (1st Appellate District). Records and Briefs California (State). Number of Exhibits: 16 Received document entitled: SUPPLEMENTAL BRIEF OF REAL PARTIES IN INTEREST
Technical Assistance Manual for the California Model School Accountability Report Card Greg Geeting 1989 California State Proposition 98 requires the governing boards of California school districts to prepare and issue an annual School Accountability Report Card for each elementary and high school under their jurisdiction, beginning in the school year 1989-90. The report card must assess a minimum of 13 specified conditions. This manual provides technical assistance and examples of what report cards for individual schools might

contain and how they might be developed. Guidelines for preparing a model report card are provided in the appendix to this manual. Although it is not limited to these areas, each report card must address the following school conditions: (1) student achievement in and progress toward meeting reading, writing, arithmetic, and other academic goals; (2) progress toward reducing dropout rates; (3) estimated expenditures per student and types of services funded; (4) progress toward reducing class sizes and teaching loads; (5) assignment of teachers outside their subject areas of competence; (6) quality and currency of textbooks and other instructional materials; (7) counseling and support personnel availability; (8) substitute teacher availability; (9) safety, cleanliness, and adequacy of school facilities;

(10) adequacy of teacher evaluations and professional improvement opportunities; (11) classroom discipline and climate for learning; (12) teacher and staff training and curriculum improvement programs; and (13) quality of instruction and leadership. (SLD)
