2019-08-31 NEW RELEASE 2019 Thinking about becoming an Uber driver and/or Lyft driver? You have questions? Let's cut right to the chase! This book, How to Be a Lyft and Uber Driver - The Unofficial Driver's Manual doesn't waste any time repeating content found on the Uber and Lyft websites. This first-of-a-kind book documents everything the author wished he

knew before his first trip as a Lyft and Uber driver. All of How to Be a Lyft and Uber Driver - The Unofficial Driver's Manual content is dedicated to helping you have a successful rideshare driving business; earning maximum income; with no stress. =====  
There are other rideshare driving books on Amazon. Why buy this book? For that matter why buy a book at all? Why not just go to the Uber/Lyft website, sign up, qualify, then go out and drive? From the author: "If rideshare driving is such a great 'gig' then why do 50% of new drivers quit less than 30 days after their first trip as a driver? At the end of a year over 90% have stopped being a rideshare driver!"

===== An even better reason to buy this book comes from a 2018 research report from Stanford University Graduate School of Business showing that rideshare drivers with over 2,500 lifetime trips earn on average 14% more compared to new drivers. After reading this book you'll know at least as much as a driver

with 2,500 trips meaning you'll earn more than enough to pay for the small cost of this book soon after you get out on the road and start completing your own trips. =====  
How to Be a Lyft and Uber Driver - The Unofficial Driver's Manual is well-researched and professionally-written thanks in part to the author's 15+ years' experience in corporate America as a data analyst; technical writer; training content developer; as well as a technical training presenter and training coach. ===== The content of How to Be a Lyft and Uber Driver - The Unofficial Driver's Manual is drawn from the author's real-world experiences driving for Uber and Lyft in Denver, Colorado since April of 2016 and completing over 13,000 trips as a driver. Learner Drivers Handbook James Duggan 2018-02-22 This Learner Drivers Handbook has been prepared to help learners pass their DVSA driving test first time. The author is a great believer in the maxim, "What you hear you will forget, what you see you will remember and what you do, you will learn." It uses detailed colour images to follow closely the requirements for learning to drive as laid down by the Driving & Vehicle Standards Agency. In its various sections it includes the following.1. Twelve

complete and fully colour illustrated lesson plans covering all the elements which can be tested. 2. How to get the best out of the lesson plans to ensure success in your driving test. 3. Over 150 fully detailed colour illustrations each of which focuses on a relevant issue and designed for ease of presentation. 4. A lesson plan guide with a breakdown of all the diagrams included in each lesson plan. The lesson plans have been set out in a general logical order with a view to going from novice to test standard and beyond. However, the order in which the plans are presented and the subject matter should be adapted to meet specific needs. Like any instructional manual of this type, the users should thoroughly familiarise themselves with its content and general layout in order to gain maximum benefit. At the back of this book you will see "Other Publications by This Author" one of which is entitled, "Easy Lessons for Learner Drivers". The content is exactly the same, but it is a larger sized edition which some pupils might

prefer for home study. Many driving instructors have their own version of this book, thus ensuring that you are both following the same structured lessons.
