Learning to Care Ian Peate 2019-01-09 Edited by a world-renowned authority, Learning to Care has been prepared by a team of experienced nurse educationalists and practitioners to meet the learning needs of the new Nursing Associate. Richly illustrated throughout, this exciting resource is designed to fully equip trainee nursing associates for their future role as professional healthcare providers with chapters ranging from 'how to learn' and essay writing to communication skills, reflective practice, and the role of evidence-based clinical decision making. Complete with a full exploration of basic anatomy and physiology, together with the care and treatment of common disorders, Learning to Care also comes with a wide range of helpful learning features such as 'Hot Spots' and the 'Medicine Trolley', all designed to aid learning and help foster safe clinical practice. The volume comes complete with a downloadable image bank to assist with assignments. Learning to Care will be ideal for all Trainee Nursing Associates and Health Care Assistants wishing to enhance their knowledge-base as well as those on Enrolled Nurse programs overseas. - Clear, no nonsense writing style helps make learning easy - Provides helpful advice on study skills and essay writing - Incorporates the 15 Standards of the Care Certificate - Learning objectives at the start of each chapter enable readers to monitor their progress - Key Words feature encourage familiarisation with a new vocabulary - 'Self Test' questions at the start of each chapter allow readers to establish their baseline knowledge - Reflection and Critical Awareness features encourage critical thinking and recall of essential information - Medicine Trolley feature outlines common drugs, their usage, routes of administration and side effects - Case Studies give practical context to core information - Care

in the Home Setting, At the GP Surgery and Communities of Care boxes illustrate healthcare provision outside the hospital environment - Includes anatomy and physiology and pathophysiology of important diseases and disorders - OSCEs help trainee nursing associates prepare for examinations - Helpful glossary provides definitions of new terms First Aid Manual Andrew K. Marsden 1992 This first-aid book has been authorized by St John's Ambulance, the St Andrew's Ambulance Association and the British Red Cross and offers an up-to-date guide to treating casualties of all ages in any emergency. The chapters have been reorganized by injury type and severity and are colour-coded for swift and easy access to information. The contents give due emphasis to really serious problems such as head injury, without neglecting common, but still worrying ailments like nosebleed or prickly heat. The two new sections include a 16-page quick-reference chapter which spells out emergency life-saving procedures and there is advice for first-aiders which gives real facts about the risks of cross-infection. The book complies with the latest 1992 guidelines laid down by the European Resuscitation Council.

Fundamentals of Care Ian Peate 2017-03-20 Fundamentals of Care is an accessible introductory textbook for all health care assistants; assistant practitioners and social care support workers who are undertaking the newly introduced, mandatory Care Certificate, as well as offering a resource for providing care and support. Practically focused, each chapter begins with the outcomes associated with each standard, which helps contextualise and focus the reader on the content and relevance to the Care Certificate. The book also includes exercises to encourage the reader to stop, look, listen and act, thinking cap activity promotes

further thinking and application to care and support provision along with case studies and resource files. Written to help the reader come to terms with the role and function of the health and care assistants, *Fundamentals of Care* offers support to those undertaking the Care Certificate and to assist those who already work as health and care assistants, helping them in their quest to enhance safe and effective care.
