[The Presidency of Gerald R. Ford](#) John Robert Greene 1995  
In addition, Greene details Ford's rise to prominence within the Republican party;

chronicles the president's problematic relations with his staff, the new Democratic Congress, and Ronald Reagan; sheds new light on the selection and performance of Vice President Nelson Rockefeller; offers new insights into the election of 1976; and provides the first in-depth look at Ford's clemency program for Vietnam era draft evaders.

**Standard Guide to American Muscle Cars** John Gunnell 2002 This full-color reference to more than four decades of American-made muscle cars covers Ford, Pontiac, Chevrolet, AMC, Oldsmobile, Dodge, Plymouth, and more. Every car is featured in full-color. Listings include original specs, options, production

figures, and a pricing guide with six condition grades.

**Foorrdr V8 Performance Guide** William Carroll 2006-06 For all Ford V8 owners and restorers, a complete handbook with hard to find specifications of all engines up to 1972 including the OHC "Indy" engines. There's adjustments and fine tuning data of every engine from 221 to 462 CID, plus a massive list of the original factory part numbers for heavy duty and "High-Per" parts. With important details of engine assembly and ignition-carburetion modifications for premium performance. "Switch and Swap" of heavy-duty parts, from one size engine to another, is clearly explained. This is the "best ever" low-bucks handbook to upgrade horsepower and durability of the best of the early Ford V8 engines. For good reason, this book was known as "The Stocker's Bible."

Flash” Leal. Born and raised in central California, Larry “Butch” Leal was obsessed with cars from a very early age. What began with field cars turned into hard work and new Chevrolets. This took place when the golden era of drag racing was in its infancy, and Leal joined with enthusiasm. He performed well at the track with his early Chevys and had an impressive number of wins before he was out of high school. His success brought him plenty of attention and collaboration with other big names in the sport. In 1963, GM pulled out of the sport on an official basis. As a result, Butch (at age 19) teamed up with Mickey Thompson and joined the Ford camp, securing a ride with the factory team and its new Thunderbolts for 1964. After his success that season, including winning the Super Stock (S/S) class at the 1964 NHRA US Nationals in Indianapolis, Chrysler came calling, and Butch signed on to race the new altered-wheelbase cars in match races for 1965, as the NHRA did not

have a class for these new “funny” looking cars. While Leal dabbled again with Ford and Chevrolet later, his relationship with Chrysler lasted well into the following decades, running both Funny Cars and Super Stockers. Penned by talented automotive historian Bob McClurg, who was there for it all, and featuring full collaboration with the book’s subject, Butch “The California Flash” Leal covers the span of his fascinating career during arguably the most interesting era in drag racing history. Butch was an 11-time NHRA champion and 4-time recipient of Car Craft Magazine’s All-Star Driver of the Year award in a career that spanned the 1960s through the 1990s. It’s all here, the events, great vintage photography, and the stories from one of the best storytellers the NHRA has ever known. Add this entertaining volume to your drag racing library today.
