The Treacherous Net Helene Tursten 2015 In Helene Tursten's The

Treacherous Net, Detective Irene Huss faces unnerving crime and violence from all sides as she hunts down a psychopathic serial killer. Goteberg, Sweden sees an influx of disturbing murder cases and Irene's unit is stretched thin. When a girl's body is found wearing what appears to be the same set of lingerie found near another corpse, Irene and her colleagues embark on a desperate hunt that takes them deep into a shadowy world of anonymous online predators and insecure teenage girls on a deadly quest for affirmation.

**Design Theory** Pascal Le Masson 2017-04-06 This textbook presents the core of recent advances in design theory and its implications for design methods and design organization. Providing a unified perspective on different design methods and approaches, from the most classic (systematic design) to the most advanced (C-K theory), it offers a unique and integrated presentation of traditional and contemporary theories in the field. Examining the principles of each theory, this guide utilizes numerous real life industrial applications, with clear links to engineering design, industrial design, management, economics, psychology and creativity. Containing a section of exams with detailed answers, it is useful for courses in design theory, engineering design and advanced innovation management. "Students and professors, practitioners and researchers in diverse disciplines, interested in design, will find in this book a rich and vital source for studying fundamental design methods and tools as well as the most advanced design theories that work in practice". Professor Yoram Reich, Tel Aviv University, Editor-in-Chief, Research In Engineering Design. "Twenty years of research in design theory and engineering have shown that training in creative design is indeed possible and offers remarkably operational methods - this book is indispensable for all leaders and practitioners who wish to strengthen the innovation capacity of their company." Pascal Daloz, Executive Vice President, Dassault Systèmes
