Handbook of Environmentally Conscious Manufacturing Christian N. Madu 2022-08-19

Manufacturers, under pressure from their major stakeholders, integrate environmental issues in the design and management of their products. These stakeholders include customers, regulators, employees, communities, and interest groups who have a common stake in protecting the earth from pollution and in limiting the exploitation of earth's limited natural resources. Manufacturers recognize that being environmentally responsible also offers competitive advantage to the firm. The Handbook of Environmentally Conscious Manufacturing is written as a state-of-the-art reference to guide environmentally conscious manufacturing (ECM). All the contributors have done extensive research and/or practice work in the field of ECM. The Handbook covers all the major topics in Environmentally Conscious Manufacturing. There are specific chapters to deal with sustainable manufacturing, recycling, eco-labelling, life cycle assessment, and ISO 14000 series of standards, as well as decision-making aspects of Environmentally Conscious Manufacturing. Decision-oriented topics on supply chain, decision models, quality initiative, environmental costing and decision support systems are also covered. The influence of ECM on marketing imperative is also covered.

How to Ace the National Geographic Bee, Official Study Guide, Fifth Edition National Geographic, Kids 2017-08-15 The National Geographic Bee is a local, state, and national academic contest for students in grades four through eight. The competition culminates in a finals face-off, broadcast live on National Geographic Television. This is the ultimate guide for gearing up for the events. Like the Bee, the guide has expanded its range of material to include social studies, earth and space science, the environment, and culture. Of course, geography is at its core, and the guide features the latest country and geographic statistics; selected new question rounds; updated resources; new tips from past winners; and a brand new country index full of vital stats. It's the perfect resource to help millions of school kids prepare to compete in the Bee. It's also a fun and helpful resource for trivia buffs, challenge seekers, and college-bound test-takers.
