

2nd DbA Edition Guide Informix Survival

Subject Guide to Books in Print 1991

Object-relational Database Development Paul Brown 2001

This text provides a detailed description of OR (Object-Relational) database management systems and how to use this technology to build modern information systems.

Informix DBA Survival Guide Joe Lumbley 1998 Better than ever, this Informix bestseller has been completely updated for Version 7. It contains over 150 pages of totally new debugging and Windows NT coverage. The book presents hands-on problem-solving for the Informix engine, utilities, SQL, and ESQL/C code.

Includes free CBT Systems training module on CD-ROM--worth \$225.00.

The Informix Handbook Ron Flannery 2000 The all-in-one reference for Informix administrators, developers, and

DBAs. The Informix Handbook is the most comprehensive Informix desktop reference ever published. No matter what platform or version of Informix you use, here are the complete, results-focused answers you'd have to search through piles of documentation for -- if you could find them at all! Whether you're a developer, DBA, manager, Web professional, or end user, this is the one Informix resource that delivers it all:

Microsoft SQL Server 2000 DBA Survival Guide Mark Spenik 2003 Organized into several parts that comprise the various jobs and tasks the DBA performs, each chapter of this book is presented with the goal of providing knowledge and "know-how" to Database Administrators of a SQL Server database. The chapters also offer real-world insight and experience by passing on tips, tricks, and suggestions.

Joe Lumbley 1995 Designed to help ease novice Informix Online 5.0 database administrators comfortably into the job, this innovative guidebook pulls together information that is scattered across volumes of system documentation and that is based on first-hand experience in the workplace. It covers all aspects of day-to-day database administration, with samples of source code and tips on using utilities to monitor and tune the database.

Books in Print 1974

Informix Unleashed John Patrick McNally 1997 In keeping with the Unleashed series, this book is one of the most comprehensive sources for Informix information on the market. Informix Unleashed covers all aspects of the program, from installation and configuration through all

phases of development and administration. The CD contains code from the book, as well as libraries, sample utilities, and third part programs.

American Book Publishing Record 1995

Computerworld 1989-04-03 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.
