*Electronic Journal Management Systems* Gary W Ives 2013-10-23 Discover how to manage your library's

electronic journals with tips from those who've already met the challenge! The explosive growth of electronic journals presents unique challenges for libraries. *Electronic Journal Management Systems: Experiences from the Field* comprehensively examines these complex topics, including explanations of the automated systems libraries have developed or adopted, licensing issues, and the provision of access to electronic journals. Respected library professionals discuss their own experiences in the implementation and use of electronic journal management systems, helping readers to easily apply effective strategies in their own library. *Electronic Journal Management Systems: Experiences from the Field* reveals the available technologies, difficulties encountered, and successes of different librarians who met the challenge to implement management systems, giving readers an inside glimpse of what they themselves may encounter when planning their

own system. The growth of electronic journals in libraries is addressed, along with helpful descriptions of management systems and link resolvers, including systems like SFX, Serial Solutions, TDNet, and EBSCO LinkSource. The book includes screen shots, tables, and diagrams to clearly illustrate concepts and information. *Electronic Journal Management Systems: Experiences from the Field* discusses a wide range of implementation and use issues, including: using Microsoft Excel to manage serial subscriptions better integration of management of electronic resources through library vendors one-stop serials management and access the selection process of a journal management system the preparation for implementation and subsequent transition process the Web site as a listing and finding tool the benefits of switching to an SFX environment creating a customized database for multiple systems the Innovative Interfaces, Inc. partnership

with libraries to develop a module to manage electronic resources based on the work of the Digital Library Federation's Electronic Resources Management Initiative the evaluation and implementation process of a beta test library with an integrated library system vendor to develop a management system developing a universal management scheme for electronic resources Electronic Journal Management Systems: Experiences from the Field brings the latest strategies, technologies, and cutting-edge ideas to every library professional grappling with ways to manage the flow of electronic journals in a library.

#### **Usage Statistics of E-Serials**

David Fowler 2026-02-02 What are the potentials and limitations of usage statistics in libraries? As libraries increase their use of electronic resources, the value of quality evaluation of usage statistics has gained greater importance. Usage Statistics of E-Serials tackles this difficult issue by exploring in detail the proper

evaluation of the level of usage of electronic resources. Noted experts discuss their own experiences in the field from multiple viewpoints and backgrounds, providing the reader with a well-rounded view of the entire topic. Issues comprehensively examined include the gathering and processing of statistics, costs and benefits of e-journals, evaluation and interpretation of data, and the comparison of different types of data collection methods. Usage Statistics of E-Serials reviews a range of situations and experiences of librarians and administrators in several different academic libraries. These authorities offer approaches and strategies to help readers more fully understand how to best manage those crucial resources. Multiple perspectives shine a needed spotlight on various challenges still facing academic librarians who attempt to measure and manage their library's electronic resources. This resource includes helpful

screen captures, tables, and figures to fully explain ideas and data. Topics in Usage Statistics of E-Serials include: processing, standardizing, and dissemination of usage statistics a case study examining the cost of selection, acquisition, maintenance, and renewal of subscription of e-journals cost savings of canceling print journals evaluation and interpretation of data about the content and use of databases in decision-making the MaxData Project results of the Council of Connecticut Academic Library Directors (CCALD) e-resource management survey in-house current-awareness module MyCLICAPS statistics options provided by Serials Solutions the influence of usage statistics on collection development decisions the tracking of electronic resources by San Jose State University from the Federal depository program usage statistics as the basis for a usage-based pricing system more! Usage Statistics of E-Serials is a must-have resource for every academic librarian,

particularly those in technical services, public services, and administration involved in gathering and utilizing usage statistics.
