*Understanding Government Information* Connie Hamner Williams 2017-10-30 This book demonstrates how government information can be used to engage students through inquiry and project-based activities, thereby providing opportunities for creative investigation and

discovery. Many government agencies and institutions provide educators with curricula, lesson plans, data, and direction—all of it free. But to access this largely hidden world of government information, one needs an understanding of how this government information is organized and knowledge about how to best utilize the finding aids, databases, and other search mechanisms to help guide effective research. This guidebook shows you how to locate high-quality, effective lesson plans developed by the nation's best educators, access reliable government data, and find curated lists of free government sources that are theme-based and reference national standards in social studies and health. *Understanding Government Information: A Teaching Strategy Toolkit for Grades 7-12* is ideal for middle school and high

school librarians and teachers in all subject areas, public youth services librarians, as well as parents teaching their students in home school based programs. You'll learn how to access expert-developed lesson plans, documents, images, and other primary sources along with suggested activities. The book also includes a teacher toolkit that details strategies for lessons and student activities that can be used across the curriculum.

**Inquiry Learning Through Librarian-Teacher Partnerships** Violet H. Harada 2004 Provides guidance for building collaborations between library media specialists and teachers in teaching and curriculum planning, and includes models of inquiry-based learning projects for elementary, middle, and high school.

**Navigating The Information Tsunami** Kristin Fontichiaro 2012-08-01 At Cherry Lake Publishing, our authors and editors are passionate about giving kids robust, engaging, and challenging materials that will prepare them to flourish in the multimedia Information Age. The implementation of the Common Core State Standards (CCSS) calls on educators to refresh and sharpen their skills in reading, writing, math...and research! Research in the Internet Age creates new challenges for search, comprehension, synthesis, and creation skills. In *Navigating the Information Tsunami: Engaging Research Projects that Meet the Common Core State Standards, K-5*, we've created our first book geared directly at teachers, administrators, and librarians. Expert practitioners in research

pedagogy share their best tips and lessons in nearly 20 projects that invite students to think deeply, weigh choices, make decisions, and articulate them in digital or print projects. With an eye toward the how and not merely the what of quality research for emerging readers and young scholars, our contributors provide detailed guidance on how teachers can harness students' natural curiosity to go beyond fact-gathering and exceed CCSS expectations. From launching the lesson to comprehension checkpoints to the final summative assessment, we're here to help.

*Write From the Beginning, Grades K-5* Rebecca G. Harper 2025-02-20 Discover engaging lessons to transform your elementary writing instruction While we sometimes perceive that our students

aren't "ready to write", every student brings literacy experiences from their home and family lives that can be leveraged to create meaningful writing experiences in the first days of school. *Write From the Beginning, Grades K-5* empowers educators to cultivate a vibrant writing culture in their classrooms, where students can find their voices and flourish as confident writers. Getting better at any skill requires practice to gain experience. This rich resource offers opportunities for daily writing that easily embed in your ELA block, helping you save on prep time and build your students' literacy foundations. Through a collection of 43 meticulously crafted lessons, Rebecca G. Harper melds standards-based instruction with innovative writing strategies, guiding young learners to explore the art of crafting sentences, storytelling, writing persuasively, and finding their voice as a writer. Designed to engage students in joyful and meaningful writing activities, this book Transforms writing into a
