Schroeder's Antiques Price Guide William L. Schroeder 1986-08 Identification and values of over 50,000 antiques and collectibles. *Schroeder's Antiques Price Guide* Bob Huxford 1996 Antique dealers and collectors are quite aware that bargains are getting harder and harder to come by each and every day. Schroeder's Antiques Price Guide is still a real bargain at \$12.95. Collectors, dealers, and our customers continue to ask how we can produce this huge 612-page book each year for such a low price. It's simple -- we do it by numbers. It's no secret with publishing that the more you print, the less expensive each book is. So, thanks to all our loyal customers who continue to buy our #1 bestselling title, we are able to keep the retail price low without sacrificing one bit of

quality. That is why you get the best for less. In August 1999 we will begin shipping the 18th edition of America's top antiques price guide. Once again we have included over 50,000 listings, each one from all-new sources and carefully checked by an authority on each particular subject. These 600+ expert advisors make sure only the best and most accurate information remains. No one person could possibly be an authority on the over 600 categories that fill this reference, but Bob and Sharon Huxford and their highly respected team of advisors work year-round to make this the most respected, up-to-date guide in the field of antiques and collectibles. Hundreds of sharp original photographs illustrate not only the rare and unusual, but also the common collectibles -- not postage-stamp photographs, but large, close-

up shots that show important details clearly. Each subject is presented with history and other background information. Our editors keep abreast of newly developing trends, often adding several new categories a year. If it merits the interest of today's collector, you'll find it in Schroeder's. You can feel confident that the information we publish is up to the minute and accurate. Without a doubt, you'll find Schroeder's Antiques Price Guide the one to buy for factual information, quality, and the lowest retail price.

Schroeder's Antiques Price Guide Sharon Huxford 2005-07 Once again, over 50,000 listings from reliable sources are included and carefully checked by an authority on the subject. More than 400 expert advisors make sure only the best and most accurate data remains. Hundreds of sharp photographs accompany the 500+ categories -- glass and porcelain, match holders, purses, cookie jars, jewelry, advertising, furniture, dolls, records -- you name it,

Schroeder's has it! History and other pertinent facts complement the descriptive listings, which reflect the current market and developing trends.

Schroeder's Antiques Price Guide Collector Books 1993-08 The newest edition of this bestselling general antiques price guide contains over 45,000 new item listings in almost 500 categories, each subject represented with histories and background information. Hundreds of original photos illustrate not just the rare and unusual, but common collectibles as well.
