*Understanding Modern Spirituality* Inna Segal 2023-08-03

*Understanding Modern Spirituality* explores many themes of life, death, soul and spirit and examines all the numerous old, outdated, ambiguous teachings that have dominated the new age industry. When we think deeply, we have an opportunity to connect the pieces of our life in a profound and inspired way. Inna Segal, best-selling healing author will challenge you to understand the differences between physical and energetic bodies. Why do we need to learn about spiritual worlds while we are on earth? Think about Soul and Spirit exploration and what nourishes and refines the soul? How can Higher Truth be simple? We can look at the physical body and all the processes that science has discovered about it, to recognise how complex we are. Imagine all the things that Science doesn't know and can't perceive - including our energy bodies, soul and spirit, let alone answer question of where we came from, where we are now in the evolution of humanity and where we are going? Inna is here to shake you out of any idleness and dare you to go on a fearless search towards your own inner awakening.

**Guardian Angels** Rudolf Steiner 2013-04-16 Throughout the ages, traditional folklore has spoken of guardian angels as spirits who guide and protect human beings. In modern times, however, their existence has largely been written off as myth and superstition. Based on his personal experience and cognition, Rudolf Steiner speaks of guardian angels and other spiritual beings as a reality. Their existence, he says, is a spiritual and scientific fact which can be fruitfully researched and studied through clairvoyant means. Furthermore, working consciously with these entities can assist each of us in fulfilling our evolutionary goals. In these six specially selected lectures, Rudolf Steiner elucidates the role of the guardian angel, and also discusses our relationship to the heavenly hierarchies of spiritual beings as a whole, and how they shape our human form as a result of their cosmic activity.

**Discovering Soul Connections** Barbara Yudell 2010 In her new book, *Discovering Soul Connections*, Barbara Yudell invites us to experience the non-physical world that will reveal itself to us when we are willing to open our minds and cultivate a receptive heart. Barbara's book leads us to the understanding that we are always connected to our spiritual companions and that after death communications from loved ones can heal our lonely hearts. People who return from near-death experiences often report that their lives have been changed for the better and they have become more psychic. Our sacred journeys are sprinkled with spiritual symbols, numbers, signs, synchronicities and celestial clues. When we pay attention to synchronicity, or meaningful coincidence, we receive the spiritual guidance we need. *Discovering Soul Connections* also offers guidance in the practice of meditation, spiritual study and service to others, all of which will help you on your journey towards spiritual enlightenment.

**On the Wings of Inspiration** Jeree Wade 2013-09-16 *On The Wings of Inspiration: Exploring Our Inner Life through Interpretive Symbols* was written in collaboration by two authors: Cheryl Metrick, and Jeree Wade, MA. The book is based on a collection of drawings and poems Cheryl created from spontaneous inspiration where she says, They fell out of my head. These inspirational poems are descriptive of the drawings. The premise of the book is not only to explore the interpretation of the art itself, but to journey into the drawings to find more personal meaning within. The authors lead the readers to take a personal inner journey to self-awareness and inner growth. Cheryl writes interpretations and feelings about each drawing in a narrative, which at times is autobiographical, as she takes her journey through the pictures. Jeree's commentary and workbook sections delve into symbolism to guide readers through an analytical process to achieve greater awareness, become mindful, and set guidelines in the continued pursuit of a purposeful and fulfilling life. Topics from the metaphysical philosophies to spirituality, humanitarianism, ecology, and energy systems are explored. The workbook sections include a wide range of themes: compassion, intention and focus, manifestation, balance, transformation, maturation, renewal, self-knowledge, self-sabotage, self-awareness, death, letting go, and the meaning of time. A guided process supports the reader to move into a place that is more peaceful and more centered to understand and implement life's lessons.

**Secret Brotherhoods and the Mystery of the Human Double** Rudolf Steiner 2004 7 lectures (of 9), St. Gallen, Zurich, and Dornach, November 15-25, 1917 (CW 178) In the age of the internet and the proliferation of "conspiracy theories," ideas that secret groups are trying to gain control of humanity are no longer rare. But this was not true in 1917 when Rudolf Steiner spoke of such matters in the extraordinary lectures contained in this book. His unique contribution to this controversial topic is not based on abstract theories; it arose from exact research methods that use advanced forms of perception and cognition. Using the firsthand knowledge available to him, Steiner takes us behind the scenes of events in outer history and contemporary culture to reveal a dark world of secret elitist brotherhoods that are attempting to control the masses through the forces of economics, technology, and political assassinations. These hidden groups, he explains, seek power through the use of ritual magic and suggestion. Among his many topics, Steiner speaks about the geographic nature of the American continent and the forces that arise from it; the nature of the double (or doppelganger) and the dangers of psychoanalysis; the spiritual origin of electromagnetism; the abuse of inoculations and vaccinations; the meaning of Ireland for world development; confused ideas about angels in relation to higher beings and divinity; and, above all, the need for clear insight into world events based on spiritual knowledge. Never before available in English as a complete volume, the text of this book has been freshly translated for this edition. READ BOBBY MATHERNE'S REVIEW OF THIS BOOK *Secret Brotherhoods* is a translation of 7 lectures from German of *Individuelle Geistwesen und ihr Wirken in der Seele des Menschen. Geistige Wesen und Ihre Wirkung Band II (GA 178)*.
