Mosby's Massage Therapy Review - E-Book Sandy Fritz 2009-06-16

No other massage review book offers such complete exam preparation! Written by massage therapy expert Sandy Fritz, this preparation tool offers more review content and questions than any other massage certification review. It gives you the practice and study tools you need for the NCE and MPLEx certification exams, state exams, and even mid-term or final exams. With complete coverage of the information you need to know to study more effectively and take tests more successfully, it helps you memorize terms, definitions, and key facts, all with an emphasis on critical thinking skills — a key part of any licensure or certification exam. This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included. More than 1,300 review questions include the two types of questions on the NCE — factual recall and comprehension. Content review includes a detailed review of body systems and their applications to massage. A new five-step review process lets you identify areas that need more attention as you study and prepare. Tips for studying and test taking; what to memorize; how to apply concepts and think critically help you hone test-taking skills better than ever before. A full-color design features 100 new illustrations showing massage techniques and Anatomy & Physiology.

Life & Health Marvin R. Levy 1987 Can be used as a practical clinical reference and for those acquiring beginning assessment skills.

Psychology Philip G. Zimbardo 1994 The goal of the authors is to present an enriched view of psychological knowledge that combines the basic, accumulated wisdom from scientific psychology with the contemporary views of human nature that emerge from the study of human diversity.
