*Teaching With Text-Based Questions* Kevin Thomas Smith  
2014-03-14 Help your students navigate complex texts in history/social studies and English language arts! This book shows you how to use a key tool—text-based questions—to build students’ literacy and critical thinking skills and meet the Common Core State Standards. You’ll learn how to ask text-based questions about different types of nonfiction and visual texts, including primary and secondary sources, maps, charts, and paintings. You’ll also get ideas for teaching students to examine point of view, write analytical responses, compare texts, cite textual evidence, and pose their own high-level questions. The book is filled with examples that you can use immediately or modify as needed. Each chapter ends with a reflection section to help

you adapt the ideas to your own classroom. What’s Inside: Helpful information on teaching different types of nonfiction texts, including literary nonfiction, informational texts, primary and secondary sources, and visual texts Ideas for locating primary sources Questions students should ask about every text Techniques for soliciting higher-order questions from students Ways to get students to think critically about the relationships between texts Strategies to help students integrate information from different types of sources, a skill that will help students respond to performance tasks on the PARCC and SBAC assessments and DBQs on AP exams Tips for teaching students to write good responses to text-based questions, including how to cite sources and incorporate point of view Ideas for using rubrics

and peer grading to evaluate students' responses  
Connections to the informational reading standards of the Common Core State Standards for English Language Arts for grades 3-12 and of the Common Core State Standards for Literacy in History/Social Studies, Science, and Technical Subjects

**Unchartered** Erika M. Kitzmiller 2026-05-19 A powerful exploration of what is possible when educators, researchers, and students collaborate to reimagine public education. In *Unchartered*, Erika M. Kitzmiller draws from an innovative partnership at an under-resourced urban public school to reveal how it defied the odds to dramatically increase the success of first-generation college-bound youth. Through compelling storytelling and rigorous research, this book offers hope—and actionable strategies—for educators and leaders determined to expand opportunity and equity. Rooted in a five-year, research-driven collaboration, this work takes readers inside the process that made real change possible. Rather than prescribing one-size-fits-all solutions, the book showcases how small but significant shifts in schoolwide structures and classroom instruction created lasting impact. Readers will discover how youth-driven inquiry, expanded course offerings,

purposeful college seminars, and robust partnerships with community organizations dismantled barriers to college access and promoted resiliency in college. Kitzmiller highlights the crucial role of student agency, teacher leadership, and community engagement in building multiple pathways to postsecondary success—especially for students who have traditionally been underserved.

*Unchartered* is an invitation for K-12 leaders and policymakers to rethink reform and recognize the strengths already present in their schools. At a time when public education faces mounting challenges, especially competition from charter schools, this work offers practical insights, inspiration, and a call to action. This book is essential reading for anyone seeking to foster meaningful, student-centered change in American high schools.

APUSH Writing Guide

Stampede Learning Systems  
 2018-02-28 Sixty percent of the Advanced Placement U.S. History (APUSH) exam requires a written response. This creates a great opportunity for those who are proficient in writing to ensure they can pass the test. However, it may seem daunting to understand how to gain proficiency in the technical form of writing that is expected for the AP exam. Additionally, a tremendous amount of information is covered in a U.S. history course. These facts can add up to big challenges as you work through your AP class and prepare for the exam. This writing guide gives you a to-the-point breakdown of the types of essay questions that appear on the APUSH exam. We help you learn solid writing techniques to use in your responses to the Document-Based Questions (DBQ) and Long Essay Questions (LEQ) on the APUSH test. This guide includes: -- A description of SAQ, LEQ, and DBQ writing prompts, including similarities

and differences, and a rundown of what AP readers are looking for when they read your responses; -- Summaries of the events, trends, and people that are essential to know for the exam; -- Exercises to help reinforce your understanding of key dates and events, and how they relate to the exam question; -- Step-by-step guidance in how to analyze DBQ documents systematically; and -- Practice questions with sample answers that can be used as a model or to compare your answers to after you complete them.

**Teaching with DBQs** Kevin Thomas Smith 2018-03-09 Help your students navigate complex texts in history and social studies. This book shows you how to use document-based questions, or DBQs, to build student literacy and critical thinking skills while meeting rigorous state standards and preparing students for AP exams. DBQs can be implemented year-round and can be adjusted to meet your instructional needs. With the helpful advice in this book,

you'll learn how to use DBQs to teach nonfiction and visual texts, including primary and secondary sources, maps, and paintings. You'll also get ideas for teaching students to examine different points of view and write analytical responses. Topics include: Using the SOAPSETone (Speaker, Occasion, Audience, Purpose, Subject, Evidence and Tone) technique to analyze visual and nonvisual texts; Teaching students to distinguish between primary and secondary sources; Working with multiple texts and learning to recognize the relationships between them; Formulating DBQs to suit different types of assessment, including short-answer questions, multiple-choice questions, and in-class essay prompts; Evaluating student responses and providing constructive feedback.

Document-Based Assessment Activities Marc Pioch

2020-03-02 Today's students need to know how to evaluate sources and use evidence to support their conclusions. This K-12 resource for teachers provides instructional support as well as a variety of learning opportunities for students. Through the activities in this book, students will ask and answer compelling questions, analyze primary sources, approach learning through an inquiry lens, and hone their historical thinking skills. The lessons teach skills and strategies for analyzing historical documents, partnered with document-based assessments. Graphic organizer templates help students structure their analyses. This resource written by Marc Pioch and Jodene

Smith prepares students for standardized tests and engages students with inquiry. The scaffolded approach to teaching analysis skills can be applied across grades K-12.
