Legal Nurse Consulting Principles and Practices Julie Dickinson 2019-09-03 Legal Nurse Consulting Principles and Practices, Fourth Edition, provides foundational knowledge on the specialty nursing practice of legal nurse consulting. Legal nurse consulting is defined, and essential information about the practice is discussed (history, certification, scope and standards of practice, and ethical and liability considerations). The essentials of the law and medical records are explored. Analysis of the various types of legal cases on which legal nurse consultants work is provided, as are other practice areas for legal nurse consultants. The various roles and skills of legal nurse consultants are explored, and the textbook concludes with discussion of the ways in which legal cases are adjudicated. This volume allows nurses to bridge the gap from their clinical experience to the unfamiliar territory of the legal world, with practical advice on topics including tactics for being cross-examined in the courtroom and investigative and analytical techniques for medical records. Individual chapters by subject-matter experts focus on the full range of legal, medical, and business issues that new or experienced legal nurse consultants and nurse experts will encounter in their work. A nuanced look at the realities and complexities of toxic torts, medical malpractice cases, civil rights in correctional healthcare, ERISA and HMO litigation, and other practice areas is offered. Suitable for experienced nurses studying for certification as legal nurse consultants, and for expert witnesses, practitioners seeking to expand their current legal nurse roles, and other healthcare and legal practitioners.

AACN Essentials of Critical Care Nursing, Fifth Edition Sarah A. Delgado 2023-10-13 A Doody's Core Title for 2024! The standard-bearer of critical care nursing guides—this succinct, comprehensive resource delivers the most current concepts for treating adult, critically ill patients and their families This engaging, evidence-based guide provides everything nurses and students need to know to provide safe, effective critical care. Endorsed by the American Association of Critical Care Nurses (AACN), and written by top experts in the field, this peer-reviewed guide covers all the essential details on the care of adult critical care patients and their families. Supported by helpful tables and algorithms, the book's practical, building-block organization starts with the basics before proceeding to more complex concepts. Whether you're going through orientation on the hospital floor or you're enrolled in critical care courses, AACN Essentials of Critical Care Nursing helps you care for every critical care patient. AACN Essentials of Critical Care Nursing, Fifth Edition is organized into four sections: The Essentials presents core information for providing safe, competent nursing care to all critically ill patients, regardless of their underlying medical diagnoses Pathologic Conditions covers conditions and management strategies commonly encountered among adult critical care patients Advanced Concepts in Caring for the Critically Ill Patient describes specific pathologic conditions that require specialized critical care management Key Reference Information features normal laboratory and diagnostic values, cardiac rhythms and their treatment and crisis standards of care Surgery, Its Principles and Practice: Vascular; gynecology; anesthesia; X-rays; operative & plastic; infections; leagl pathologic relations; hospital organization William Williams Keen 1909

Business Principles for Legal Nurse Consultants Patricia W. Iyer MSN RN LNCC 2005-08-12 With the interdisciplinary challenges required of legal nurse consulting, starting a business in this field requires yet another set of tools: knowledge of running a business. In this book, successful practicing LNCs share the benefit of their rich experience in starting up and maintaining an LNC business. They discuss developing a business plan, suggestions for marketing and advertising, building a Web site, technology issues, employees and contractors, maintaining cash flow, navigating the ethical minefield, managing change, developing and strengthening relationships with attorneys, and the role as an expert witness. This authoritative guide is a must for meeting the challenges of a new business.
