No Slam Dunk Cheryl Cooky 2018-05-30 In just a few decades, sport has undergone a radical gender transformation. However, Cheryl Cooky and Michael A. Messner suggest that the progress toward gender equity in sports is far from complete. The continuing barriers to full and equal participation for young people, the far lower pay for most elite-level women athletes, and the continuing dearth of fair and equal media coverage all underline how much still has yet to change before we see gender equality in sports. The chapters in *No Slam Dunk* show that is this not simply a story of an "unfinished revolution." Rather, they contend, it is simplistic optimism to assume that we are currently nearing the conclusion of a story of linear progress that ends with a certain future of equality and justice. This book provides important theoretical and empirical insights into the contemporary world of sports to help explain the unevenness of social change and how, despite significant progress, gender equality in sports has been "No Slam Dunk."

Voice Male Rob A. Okun 2014-01-05 Here is a stunning new book that succeeds in doing nothing less than chronicling the social transformation of masculinity over a three-decade span. Through thematically arranged essays by leading experts, *Voice Male* illustrates how a growing movement of men is redefining masculinity. In this collection, Rob Okun directs a chorus of pro-feminist voices, introducing readers to men examining contemporary manhood from a variety of perspectives: from overcoming violence, fatherhood, and navigating life as a man of color, a gay man, or a boy on the journey to manhood. It also provides a critical forum for both male survivors and LGBTQ men to speak out. This inspired book is evidence of a new direction for men, brightly illuminating what's around the bend on the path to gender justice.

The Body in the Snowdrift Katherine Hall Page 2009-10-13 Caterer Faith Fairchild has a bad feeling about her father-in-law's decision to celebrate his seventieth birthday with a family reunion ski week at the Pine Slopes resort in Vermont -- the Fairchilds' favorite getaway since Faith's husband, the Reverend Thomas Fairchild, was a toddler. At first her unease seems unfounded -- until Faith comes across a corpse on one of the cross-country trails, the apparent victim of a heart attack. Then one catastrophe follows another: the mysterious disappearance of the Pine Slopes' master chef, a malicious prank at the sports center, a break-in at the Fairchild condo, the sabotage of a chairlift. And when a fatal "accident" with the snow-making machines stains the slopes blood red, Faith realizes she'll have to work fast to solve a murderous puzzle -- because suddenly not only are the reunion and the beloved resort's future in jeopardy . . . but Faith's life is as well.

The Kaleidoscope of Gender Joan Z. Spade 2011 An accessible, timely, and stimulating introduction to the sociology of gender, *The Kaleidoscope of Gender: Prisms, Patterns, and Possibilities*, Third Edition, provides a comprehensive analysis of key ideas, theories, and applications in this field as viewed through the metaphor of a kaleidoscope. This collection of creative articles by top scholars explains how the complex, evolving pattern of gender is constructed interpersonally, institutionally, and culturally and challenges students to question how gender shapes their daily lives. Like the prior edition, the Third Edition maintains a focus on contemporary contributions to the field while incorporating classical and theoretical arguments to provide a broad framework. Integrating a cross-cultural focus and intersectional inquiry, this unique text/reader vividly illustrates that gender is a malleable continuum of prisms, patterns, and possibilities.

Effective Schooling for Economically Disadvantaged Students J. Howard Johnston 1992 Although the problems of educating disadvantaged youth often seem overwhelming, this volume provides optimistic insights on the subject. All of the contributors are committed to the principle that disadvantaged children can be served by schools. They recommend major policy changes, dramatic alterations of school structures and practices, and fundamentally different ways of viewing both disadvantaged youth and effective schooling. The volume presents an interdisciplinary approach to research and a collaborative approach to school-based interventions. The topics covered include family involvement in schooling; linguistic contexts of schooling; political and social policy analyses; school practices; and the role of foundations in supporting school improvement. The focal groups include young children, young and older adolescents, ethnic and linguistic minorities, and families. The first section of the volume focuses on issues facing policymakers and educators. The second section focuses on linkages among children's learning in schools, families and community-based agencies and programs. The final section examines school practices that affect the performance of

disadvantaged and minority students in existing school structures.

I Know You Love Me, But Do You Like Me?

Joey O'Connor 1999 Of course you love your mate, right? That's why you got married. Starry-eyed with love, you and your mate waved goodbye to all the independence of single life, grasped hands with each other, and leapt into marriage with a jubilant, "I do!" So after all these years of being in love with your spouse, why is it suddenly so hard to actually like him or her?

Sport and the Communities Allan Edwards 2016-01-08 Over the past three decades there has been widespread commitment to an understanding that sport can play a key role in community development. The role of sport within communities has been promoted with a wide range of goals such as environmental considerations, encouragement of civic pride, enhancement of confidence and self-esteem and

development of social cohesion as well as the fostering of a fit and healthy workforce. To address these issues, a number of programmes have been funded and supported to develop the role of sport in communities worldwide and to increase participation and access to sport and physical activities in rural areas. In addition we are witnessing the development of new sports communities through social media such as Facebook and My Space. The concern is that we need to revisit the concept of 'community and sport' and to investigate the current understanding of these terms in view of the evolving role of sport in a range of national settings. This book will present the platform upon which this process can be undertaken and offers a fundamental re-evaluation of the relationship that currently exists between sport and communities throughout selected parts of the world. This book was previously published as a special issue of Sport in Society.

She's shared everything with him, from adventures with their families and days lounging at the beach to long talks about their friends and her journey with type 1 diabetes. The only thing she hasn't shared is the fact that she is in love with him. Now in their senior year of high school, Mackenzie and Nolan know that in a few short months everything will change as they head off to different colleges. Determined to make the most of the time they still have left, they come up with a list of things they want to do together before graduation. But as they make their way through everything from toilet papering the school bully's house to having a backyard camp-out like the ones they had when they were kids, Mackenzie can't help feeling that she's left the most important thing off the list: telling Nolan how she feels. Confessing her love could jeopardize the incredible relationship they already have. Is honesty really the best policy?
