Community Participation in School

Management Kazuro Shibuya 2022-09-12

Nobody denies that trust in schools is key to success in generating any educational outcomes. However, trust is often eroded, resulting in conflicts, alienation, and differentiation among school-level stakeholders. This book analyses school-based management (SBM) of education through the lens of relational trust in the context of Ghana, revealing how community participation in school management leads to educational outcomes. Conducting quantitative analysis of headteacher questionnaires from public basic schools and qualitative analysis of case study schools in the Akatsi South District of Ghana, Shibuya offers critical insights into building sustainable relationships between individual households and geographical/school communities. He argues it is critical to highlight relational trust as an analytical tool to examine relationships between actors and factors in school management. The research finds that trust in schools is a two-way mechanism, and the mutuality of expectations and obligations among stakeholders is essential if children's learning outcomes are to improve. With its mixed-methods approach, this book will be a valuable resource for scholars in comparative education, those in educational development, and those interested in African contexts.

Engaging the Next Generation of Aviation

Professionals Suzanne K. Kearns 2019-11-08

Engaging the Next Generation of Aviation Professionals is an edited volume that brings together a diverse set of academic and professional perspectives within the three themes of attracting, educating, and retaining the next generation of aviation professionals (NGAP). This compilation is the first academic work specifically targeting this critical issue. The book presents a rich variety of perspectives, academic philosophies, and real-world examples. Submissions include brief case studies, longer scholarly works from respected academics, and professional reflections from individuals who have made important contributions to their field.

The book includes academic chapters that explore the topic from a more theoretical standpoint yet are accessible and understandable to a professional audience. These are complemented by both broad and specific practice examples that describe initiatives and applications occurring in the industry around the three themes. All submissions include descriptive insights, experiences, and first-hand accounts of accomplishments, intended to support the work of other professionals managing NGAP issues. This work will be valuable to anyone involved in attracting, educating, or retaining NGAP, including academics, operators, national and international regulators, and outreach coordinators, among many others.

Sports Science I Zeynep Filiz DİNÇ 2019-03-29

Learning, Design, and Technology J. Michael Spector 2023-10-14 The multiple, related fields encompassed by this Major Reference Work represent a convergence of issues and topics germane to the rapidly changing segments of knowledge and practice in educational communications and technology at all levels and around the globe. There is no other comparable work that is designed not only to gather vital, current, and evolving information and understandings in these knowledge segments but also to be updated on a continuing basis in order to keep pace with the rapid changes taking place in the relevant fields. The Handbook is composed of substantive (5,000 to 15,000 words), peer-reviewed entries that examine and explicate seminal facets of learning theory, research, and practice. It provides a broad range of relevant topics, including significant developments as well as innovative uses of technology that promote learning, performance, and instruction. This work is aimed at researchers, designers, developers, instructors, and other professional practitioners. Teacher Education at the Edge Tonya Huber 2019-10-24 This book series aims to realize Education 2030's vision of inclusive, equitable quality education and lifelong learning. It

provides a forum for diverse voices, covering topics like early childhood development, equal access, sustainable living skills, literacy, and safe learning environments.
