Lifetimes Ago Susie Schechter 2010-03-16 In the historical romance, *Lifetimes Ago*, a modern-day couple discovers through past life regression that their lives were once intertwined and unintentionally uncover a passionate 1930s love story. It is 1934 in Rensselaer, Indiana, when Elsie Wilkins meets John McDonald-a man unlike any other. After feeling an immediate and

intense chemistry, Elsie cannot take her eyes off him. It's official-the handsome apprentice architect has just swept the independent-minded teacher off her feet. Despite the fact that Elsie is still married to a man who abandoned her without warning, she and John begin a fervent courtship as all social mores fall away. As the Great Depression continues to wreak havoc around them, John and Elsie feel no hunger other than for each other. Just when their infatuation transforms to a powerful love, Elsie's husband makes an appearance and suddenly, the joyful future they have planned together is threatened. Despite an unbearable tragedy, John and Elsie's deep love for each other transcends sixty-six years proving that true love never dies.

The Oxford Companion to Sugar and Sweets

2015-04-01 A sweet tooth is a powerful thing. Babies everywhere seem to smile when tasting sweetness for the first time, a trait inherited, perhaps, from our ancestors who foraged for

sweet foods that were generally safer to eat than their bitter counterparts. But the "science of sweet" is only the beginning of a fascinating story, because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes, scoop ice cream into a cone, or drop sugar cubes into coffee. These are matters of culture and aesthetics, of history and society, and we might ask many other questions. Why do sweets feature so prominently in children's literature? When was sugar called a spice? And how did chocolate evolve from an ancient drink to a modern candy bar? The Oxford Companion to Sugar and Sweets explores these questions and more through the collective knowledge of 265 expert contributors, from food historians to chemists, restaurateurs to cookbook writers, neuroscientists to pastry chefs. The Companion takes readers around the globe and throughout time, affording glimpses deep into the brain as well as stratospheric flights into the world of

sugar-crafted fantasies. More than just a compendium of pastries, candies, ices, preserves, and confections, this reference work reveals how the human proclivity for sweet has brought richness to our language, our art, and, of course, our gastronomy. In nearly 600 entries, beginning with "à la mode" and ending with the Italian trifle known as "zuppa inglese," the Companion traces sugar's journey from a rare luxury to a ubiquitous commodity. In between, readers will learn about numerous sweeteners (as well-known as agave nectar and as obscure as castoreum, or beaver extract), the evolution of the dessert course, the production of chocolate, and the neurological, psychological, and cultural responses to sweetness. The Companion also delves into the darker side of sugar, from its ties to colonialism and slavery to its addictive qualities. Celebrating sugar while acknowledging its complex history, *The Oxford Companion to Sugar and Sweets* is the definitive guide to one of humankind's greatest sources of

pleasure. Like kids in a candy shop, fans of sugar (and aren't we all?) will enjoy perusing the wondrous variety to be found in this volume.

[The Lost Recipes](#) Ross Dobson 2024-10-29 'A glorious endeavour' Nigella Lawson Over 90 rediscovered and revived Australian classics - thrifty, no-waste recipes from a time that honoured seasonal, locally grown ingredients and truly understood the value of food as comfort. Nostalgic, yes, but completely relevant to today's kitchens. Chef and bestselling cookbook author Ross Dobson has a hobby: scouring old journals, newspapers and books for Australia's 'forgotten' recipes. While his research has revealed some shockers not worth

repeating, he has come across many more worthy dishes that are missing from the repertoire of modern-day cooks. In *The Lost Recipes* he sets about righting this culinary injustice by presenting a selection of bygone gems, savoury and sweet, dating from the Victorian era through to the 1950s - all of them rescued, researched, tested and updated by Ross. Threaded throughout are handy tips (celery leaves dried in the oven and then ground with salt make a seasoning with endless uses - especially good on roasted potatoes) and insights into old-fashioned cooking techniques and ingredients deserving of revival. Among these once-forgotten recipes you will find: - mushroom ketchup (1886) - hot slaugh (1876) - olive & anchovy salad (1921) - devilled whitebait (1938) - Sunday Chinese chicken (1949) - brisket with macaroni (1915) - golden billy bread (1925) - pumpkin brownies (1939) - cream lilies (1954) - green tomato & pineapple jam (1933) 'There isn't one recipe in this book that wasn't, in

essence, once a lovely idea. It has been a privilege and joy to bring them back to life - and in a workable condition.' Ross Dobson
