**Don't Call It Quits: Turn the Job You Have into the Job You Love** Shana Lebowitz Gaynor 2022-08-23  
There are other—often better—ways to find fulfillment at work besides leaving your job. It can be tempting to fire off a letter of resignation (or at least fantasize about doing so) when you're unsatisfied or unhappy at work. But leaving a stable job can be impractical. And often there are other, less dramatic, ways to get what you want out of your career. In *Don't Call It Quits*, Shana Lebowitz Gaynor draws on her experience writing about career development to show how you can more deeply connect to your work, reclaim agency in your career, and find the freedom and happiness you're seeking—without upending your life with a job change. As Shana explains, you aren't caught between two terrible options: "stick around and suck it up" or leave and hope for something better. You probably have many more choices than you realize. *Don't Call It Quits* is your how-to guide for exploring those options. You'll finally be able to turn the job you have into the job you love, with smart strategies backed by scientific research and the real-life experiences of workplace experts including social scientists, HR chiefs, and career coaches to high-achieving professionals. Packed with tips that show you how to shape your own work experience, *Don't Call It Quits* delivers an eye-opening look at what it takes to shift your mindset to get more out of your job—and more out of life.

**The Essential Job Interview Handbook** Jean Baur 2013-09-23 Even with a fairly detailed job description or a briefing by a knowledgeable recruiter, job candidates rarely have all the tools they need to ace their interviews. This is one of the reasons why interviews are so harrowing—we have to pay close attention to what we're told, what we're not told, and the many non-verbal signals we receive. In addition, many people who conducts the interviews aren't well-prepared, haven't been trained in interviewing, and often don't even like the process. The Essential Job Interview Handbook will help job seekers prepare effectively for interviews and become familiar with different types of interview questions and styles of interviews. A unique feature of this book is the multiple answers it provides for each question, rated good, better, and best; with this feature, you'll learn what makes a winning answer and understand the strategy behind it. Whether you're just finishing school or have been working a long time, The Essential Job Interview Handbook will give you all the powerful tools you need to not just get a job, but to get the right one.
