Channeling Spirits Guide: How to Invoke the Spirits Safely Walter Moore 2012-12-13 "Channeling Spirits Guide: How To Invoke The Spirits Safely" may seem to be a bit controversial to some as even though it is focused on going through the process of channeling safely it does take a creative turn to focus on how this practice relates to Christianity and whether or not they can be practiced in tandem. It is extremely informative and does make a great read as it is extremely informative and is great fodder for anyone that is not necessarily interested in, but wants to have a better understand of the process be it for educational reasons or just to be more informed. As this practice makes resurgence in our society it is imperative that we have an understanding of what we are being faced with. The best way to counter a challenge is to have even a basic understanding of it. The author goes to great lengths to put as much detail into the book as he possibly can. The necessary cautions are given and at the end of it all the reader is left to make that final decision. One can clearly see the decision that the author has made but it is not something that is being forced upon you.

The Facts on Spirit Guides John Ankerberg 1988 "Booklet discusses ... voluntary spirit-possession or 'channeling.' Channelers claim a spirit actually enters their body and speaks 'guide' through them. The key issue is this: exactly who or what are these spirit guides? Many ideas, even bizarre ones, have been considered. Are they merely the hallucinations of the mentally unstable, as doctors say? Are they parts of the unconscious mind available to us all, as some psychologists say? Are they creatures from the future, or are they from civilizations deep in space, as some scientists say?.. Are they genuine spirit beings such as angels, the dead, or the 'gods' and nature spirits of various religious traditions, as the channelers say? Or are they another category of 'being' entirely -- the demons mentioned in the Bible?.. If one looks for a theory to explain all the facts, the demon theory cannot be ignored, whether or not it is personally appealing"--About this booklet.

Spirit Guide Contact Through Hypnosis Bruce Goldberg 2005-05-15 Contacting spirit guides is as old as civilization itself. Shamans dating back to at least 50,000 B.C. ritualistically contacted nonphysical entities. The Mystery Schools of Ancient Egypt, Greece, Persia, Rome, and India also dealt with contacting spirit guides. Every major religion acknowledges the reality of discarnate entities or spirits, whether they are called saints, angels, the Holy Spirit, and so on. One of the purposes of this book is to demystify this process. The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger. In reality, this communication is natural, relatively simple, and a wonderful growth experience. Spirit communication removes the fear of death and bereavement, and results in a form of spiritual empowerment. Contacting your spirit guides can help us: •Develop your intuition and other psychic abilities. •Increase your ability to love yourself and others. •Become more aware of the workings of the universe. •Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution. •Protect you from negative entities and/or other forces in the universe. •Access the wisdom of the ancients. •Establish and maintain your own physical, mental, emotional, and spiritual health. •Overcome bad habits and fears. •Eliminate the fear of death. •See into the future. •Master the art of out-of-body experiences. •Learn your true karmic purpose. It is seen as a taboo topic by many but it is explained in such a way that the reader can have a better understanding of what happens in channeling and come to the realization that it is nothing to fear. The material is pretty easy to read and understand. Even the novice channeler of someone thinking about learning the art of channeling will be able to make substantial progress with the help of this guide. The aim of this book is to inform and educate not to scare as some other books that focus on the topic tend to do. Throughout the reader is advised that they are in control of the process and can stop it at any time they feel once the basic set of rules is adhered to. The challenge does not lie in the process in the mindset of the individual that is thinking about trying out the ancient art of channeling..

Knowing the Facts about Channeling and Crystal Work John Ankerberg 2012-08-30 When men and women willingly give over their minds and bodies to spirit entities and these spirits enter and control them using them to heal or to give teachings and other information this is called channeling. Crystal work uses crystals to invoke the spirits. The spirits claim they can assist people toward true individual social and spiritual enlightenment. Channeled spirits claim to be wise and loving entities but are they? What is their real purpose? The authors examine the potential problems and dangers that can occur through channeling along with a biblical evaluation of the practice.
