Real Writing with Readings Susan Anker

2015-09-17 Real Writing delivers a powerful message to students: Good writing skills are both attainable and essential. Concise "Four Basics" boxes and engaging paragraph- and essay-writing chapters present the writing process in clear, easy-to-follow steps. Readings that resonate with students' everyday lives are threaded throughout, with examples ranging from student papers to workplace writing and professional essays. The Four Most Serious Errors and other sentence-level chapters cover grammar in a lively and supportive way, with plenty of opportunities for practice and application. As always, Susan Anker encourages students to connect what they learn with their own goals and with the needs and expectations of the larger world. With this new edition, we asked users to recommend writing samples and candidates for Profiles in Success, a feature that highlights former students in a variety of professions and how they use writing in their jobs, and the resulting book illustrates the

diversity of the students and instructors who have been using the book for years.
