Hearing from God Each

Morning Joyce Meyer

2010-01-08 In the hustle and bustle of today's busy world, sometimes it's hard enough to hear yourself think, much less take a minute to stop and listen for the voice of God. But learning to recognize God's voice and the many ways in which He speaks is vital for following His plan. This devotional, drawing from *How to Hear From God*, *Knowing God Intimately*, and *The Power Of Simple Prayer* shows the reader through a daily reminder, how God speaks through their own thoughts and feelings, their dreams, and the words of other people. Joyce Meyer reveals the ways in which God delivers His word and the benefits of asking God for the sensitivity to hear His voice. Joyce asks the question,

"Are you listening?" and shares how to do just that. . . on a daily basis.

Common Sense from a Common Man Jacob C. Larson
2011-03-10 Do you know what to do with a dollar? Regardless of where you work or what you are paid your answer to that fundamental question will often determine the level of your success financially. If your mental response to that question was to save 10% of the dollar, give away 10% of it and use what is left to spend, then you have answered correctly. By saving 10% of the dollar you begin to develop a financial reserve to be used towards developing additional

means of creating money. By giving away 10% of the dollar you tap into the laws of giving and receiving which is explained in further detail in the book. What is left of the dollar is yours to spend and in reading this book your thoughts on how you choose to spend it will change. This book will give you insight into some of those basic money truths and show you how to apply them. Starting with the background of the author's quest for money creation. Common Sense about creating money helps you determine what sources you currently have available to you and gives you examples of how to develop those sources into viable resources of money creation. Throughout the course of time the fundamental basics about money have not changed. But the application of those basics have to become a part of your money creating plan. One that is unique to you and your situation. Only then will you put yourself in the position to "Create" Money.
