Broken Hearts Forgotten Promises Jacqueline K. Pope 2018-12-11 About the Book • Are you single with a desire to marry? • Are you single with no desire to marry? • Are you only interested in perpetual dating? • Have you given up on waiting for a spouse? • Are you in a relationship that appears to be going nowhere? • Is there a cycle of mistakes in your past relationships? • Are you serious about getting it right this time? • Do you desire the restoration of your marriage? • Are you considering divorce? If any of these questions have pulled at your heartstrings, then you have come to the right place. I'm already excited, and you should be too about a transformation that will take place in your life through God's Word, my own personal experiences and those who have courageously shared their stories.

Thinking About Crime James Wilson 2013-05-14 As crime rates inexorably rose during the tumultuous years of the 1970s, disputes over how to handle the violence sweeping the nation quickly escalated. James Q. Wilson redefined the public debate by offering a brilliant and provocative new argument—that criminal activity is largely rational and shaped by the rewards and penalties it offers—and forever changed the way Americans think about crime. Now with a new foreword by the prominent scholar and best-selling author Charles Murray, this revised edition of *Thinking About Crime* introduces a new generation of readers to the theories and ideas that have been so influential in shaping the American justice system.

The Economics of Optimal Growth Pathways S. Niggol Seo 2023-02-25 Every society aspires to be prosperous. It also endeavors to minimize the side effects of economic growth. This book entitled *The Economics of Optimal Growth Pathways* addresses numerous trade-offs faced by society to achieve prosperity and explores the best possible growth pathways. The theories explored in this book serve as a springboard to better understand key challenges and aspects of the economy, including food security, land

use, forest and resource management, capital markets and interest rates, oil and gas extraction, fish and marine resources, saving and investment, and climate change. This book elucidates the concept of optimal economic growth pathways while addressing the challenges faced in natural resources and life on the planet. It will be relevant to students and researchers interested in resource and environmental economics. *Railway Age* 1930
