Discovering Food and Nutrition

helps students learn to plan

nutritious meals and snacks

within limits of time and

money, to shop wisely, to work

in a kitchen safely and

efficiently, and to prepare a

variety of foods. Discovering

Food and Nutrition is an

introductory foods program for

middle school with short

chapters, engaging photos and

charts, and a comfortable

reading level. It offers middle

school students and high

school students with special needs the motivation to learn how to become active, engaged students of food preparation, nutrition and consumer skills.

Exploring the Dimensions of Human Sexuality, Fourth Edition addresses all aspects of sexuality—biological, spiritual, psychological, and sociocultural—and presents the information both factually and

impartially. Throughout the text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.
