

Doctor Who Peacemaker

The Doctor who Dared Iris Noble 1959 From a mischievous boy to a renowned medical doctor - this is the fascinating life of one of America's greatest scientists. The Peacemaker's Vengeance Gary D. Svee 2014-04-29 In a small Montana town, a poor boy gets a chance at being a lawman Mac McPherson shivers beside the open grave, taking notes for a newspaper story for which he has been promised twenty-five cents. When he files his piece, the editor gives him only two dimes, but Mac is not too proud to take it. Only fourteen years old, he has his mother to think of and his own hungry belly to feed. One night, town sheriff Frank Drinkwalter gives Mac a better offer: an apprenticeship in riding and shooting that may one day lead to a deputy's star. The sheriff will need Mac's help sooner than either of them realizes.

The devil lies behind the eyes of blacksmith Jack Galt, whom Drinkwalter suspects of savagely murdering a series of innocent women. But without proof, there is nothing Drinkwalter can do but watch and wait. When the blacksmith threatens the woman he loves, Drinkwalter has no choice but to call on Mac. In Montana, a boy must grow up fast if he wants to wear a deputy's star.

The Essential Batman
Encyclopedia Robert

Greenberger 2008-06-10 The ultimate guide to the man behind the mask . . . and the mythology behind the man. "Criminals are a superstitious, cowardly lot. So my disguise must be able to strike terror into their hearts. I must be a creature of the night, black, terrible. . . . I shall become a bat!" So declared millionaire industrialist Bruce Wayne, orphaned as a boy by a murderous thug and driven as a man to battle the scourge of crime by becoming Batman. Batman swooped into popular culture in 1939—and for nearly seventy years has thrilled audiences in countless comics, live-action and animated television programs, and seven feature films. Prowling the darkened rooftops of Gotham City, roaring through the teeming streets in the sleek, high-powered Batmobile, and leaping into action when the

iconic Bat-Signal pierces the night sky, the Caped Crusader is a larger-than-life legend. And now, for the first time in more than thirty years, everything there is to know about Batman—from the beginning to the present, and from A to Z—is collected in one comprehensive new sourcebook. More than 500 pages of entries and illustrations include: • fascinating details and the complete background on Batman's origins • biographies of every major character in the Batman universe—including his closest allies, from Robin the Boy Wonder and faithful butler Alfred Pennyworth to Commissioner Gordon; and his countless enemies, from the Joker, Penguin, Catwoman, and the Riddler to Scarecrow, Two-Face, Ra's al Ghul and Poison Ivy • classic black-and-white comic book artwork throughout • two sixteen-page full-color artwork inserts Even an all-access pass to the Batcave couldn't rival former DC Comics editor and Batman scholar extraordinaire Robert Greenberger's exhaustive

ultimate archive. The Essential Batman Encyclopedia is a must for every Batman fan's bookshelf. BATMAN, the DC Logo, and all related names, characters and elements are trademarks of DC Comics © 2008. All rights reserved.

The Peacemaker's Path Jerry Zehr 2021 Now more than ever, people are painfully divided politically, religiously, and culturally. Through daily readings that explore the tenets, teachings, writings, and prayers of the world's major religions, The Peacemaker's Path shows us that we have much more in common than what divides us.

Doctor Who: Peacemaker
James Swallow 2008-12-26 The peace and quiet of a remote homestead in the 1880s American West is shattered by the arrival of two shadowy outriders searching for 'the healer'. When the farmer refuses to help them, they raze the house to the ground using guns that shoot bolts of energy instead of bullets... In the town of Redwater, the Doctor and Martha learn of a snake-oil salesman who's patent medicines actually cure his patient. But when the Doctor and Martha investigate they discover the truth is stranger, and far more dangerous.

Caught between the law of the gun and the deadly plans of intergalactic mercenaries, the

Doctor and Martha are about to discover just how wild the West can become... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit Doctor Who series from BBC Television.
