The Gospel In The Setting Of End-Time Events

Leonard Philips Tolhurst 2022-06-09 Since the beginning, Seventh-day Adventists have developed a high interest in Bible prophecy. In addition to studying end-time events, early Seventh-day Adventists also focused on studying and teaching distinguished doctrines such as the Second Coming, the sanctuary, the state of the dead, the three angels' messages, the Sabbath, and the Ten Commandments. Only after the 1888 Minneapolis General Conference did Seventh-day Adventists start to give attention to the important truth of righteousness by faith. This very teaching, which almost split the church in 1888, has been a reason for debate and theological controversy. This book was written because understanding righteousness by faith and the end-time events are essential for every believer. Pastor Leonard Tolhurst devotes several chapters to clearly outline what righteousness by faith is and what it is not. He also addresses some difficult topics, such as the human nature of Christ. A person's view on whether Jesus had a sinful or sinless nature determines, to a large extent, his or her understanding of righteousness by faith. Some chapters deal with the 2,300-day prophecy of Daniel and their interpretations by futurists and preterists. The second half of the book focuses on end-time events: the three angels' messages, the latter rain, the sealing, Armageddon, among others. It ends with the Second Coming and the millennium. Each chapter is filled with Bible texts, Ellen G. White quotes, and a list of Supportive Sources for further study. The book is a tremendous resource for Bible teachers, ministers, and church members.

A Comparison of the "Adult Bible Study Guide" of the Seventh-day Adventist Church and a Prototype "Guide" Designed to Promote Spiritual Growth Lyndelle Brower Chiomenti 2007 Conclusions. The prototype showed the greatest amount of growth in the final step of the learning cycle, suggesting that it did what it was designed to do---shepherd the learners through knowledge and beliefs, on to attitudes, values, and commitments, and finally ending with behavior and skills.

The Elephant in the Room Sadrail Saint-Ulysse PhD MDiv 2022-04-12 I write this book to do something that most would consider unwise as a

current employee of the Seventh-day Adventist Church. I call or appeal for systematic change--change in policies that have kept the financial support from tithe and other sources to Adventist elementary and other sources to Adventist schools at minimal. Please don't think of me as a brave one who dares to go where many have not gone before. I am not... I speak out because we need policy changes at every level. "Fairness is not giving everyone the same thing but to give each person what he or she needs to succeed." Many businesses are rethinking how to move forward post the pandemic. We, too, as a church, need to do the same. In the Old Testament, God instructed his people to pass on their faith to their children by intentionally teaching them God's statutes and commandments (Deuteronomy 6:4-8 and Isaiah 54:13). Similarly, the Christian Church receives its marching orders from Jesus in the Great Commission found in Matthew 28:16-20. Jesus directs the church to make disciples of all nations by baptizing and teaching. Church schools are needed to partner with parents and the church as a whole to educate children. Ellen G. White, cofounder of the Seventh-day Adventist Church, who earlier encouraged the Seventh-day Church to focus on foreign missions, stated--in addressing church schools in the book *Testimonies for the Church*, volume 6--that the children are not to be neglected. She writes, "We cannot call ourselves true missionaries if we neglect those at our very doors who are at the most critical age and who need our aid to secure knowledge and experience that will fit them for the service of God." Her solution to financing church schools is simple: "Let all share the expense." Enrollment in Christian elementary and secondary schools have been dropping nationwide. Many families in North America, especially new immigrant families, are not able to afford the tuition to send their children to church schools. Several church schools have closed. In this book, Dr. Sadrail Saint-Ulysse, an ordained minister and educator of the Seventh-day Adventist Church, addresses the challenges of operating Christian schools at the elementary and secondary levels after serving for nearly twenty-five years as a pastor and educator, with the hope that the burden of operating church schools can be shared by the

entire church--local, state, national, and worldwide--to alleviate this burden. The book challenges parents, teachers, principals, school boards, church members, and church leaders at every level to make the needed policy changes to ensure that church schools are financed in a sustainable manner.

SCM Studyguide: Anglicanism Stephen Spencer
2021-03-08 The SCM Studyguide to Anglicanism offers a comprehensive introduction to the many different facets of Anglicanism. Aimed at students preparing for ministry, it presumes no prior knowledge of the subject and offers helpful overviews of Anglican history, liturgy, theology, Canon Law, mission and global Anglicanism. As well as offering updated and improved lists of further reading, this second edition brings a greater emphasis on worldwide expressions of Anglicanism, with more examples taken from

Asian and African contexts, and a brand new section which considers the rise of the global communion alongside issues of inculturation and indigenisation.

The Road to Clarity E. Keller 2005-11-18 In recent years, millions of people have joined churches such as the Seventh-day Adventist which prosper enormously in different parts of the world. The Road to Clarity is one of the first ethnographic in-depth studies of this phenomenon. It is a vivid account based on almost two years of participation in ordinary church members' daily religious and non-religious lives. The book offers a fascinating inquiry into the nature of long-term commitment to Adventism among rural people in Madagascar. Eva Keller argues that the key attraction of the church lies in the excitement of study, argument and intellectual exploration. This is a novel approach which challenges utilitarian and cultural particularist explanations of the success of this kind of Christianity.

Questions of Anthropology Rita Astuti 2020-06-08 Anthropology today seems to shy away from the big, comparative questions that ordinary people in many societies find compelling. Questions of Anthropology brings these issues back to the centre of anthropological concerns. Individual essays explore birth, death and sexuality, puzzles about the relationship between science and religion, questions about the nature of ritual, work, political leadership and genocide, and our personal fears and desires, from the quest to control the future and to find one's 'true' identity to the fear of being alone. Each essay starts with a question posed by individual ethnographic experience and then goes on to frame this question in a broader, comparative context. Written in an engaging and accessible style, Questions of Anthropology presents an exciting introduction to the purpose and value of Anthropology today.

Contesting Heritage Chigemezi Nnadozie Wogu 2025-12-18 In the heart of Nigeria's religious landscape, where Pentecostal fervor and

charismatic worship reshape everyday expressions of faith, the Seventh-day Adventist Church stands at a crossroads. Contesting Heritage is a compelling exploration of how a mission-initiated denomination grapples with cultural relevance, liturgical innovation, and theological continuity in a society undergoing deep religious transformation. Focusing on the Adventist community in Ilishan-Remo, this book investigates the dynamic responses of Nigerian Adventists to the Pentecostalization of worship across the country. Drawing on rich ethnographic fieldwork and historical analysis, this study reveals that Adventist heritage in Nigeria is not static, but contested, negotiated, and continually reinvented. It traces how worship practices such as prayer, singing, and church leadership evolve through processes of resistance, accommodation, and hybridization, resulting in a distinctly Nigerian expression of global Adventism. Contesting Heritage offers a rare intra-denominational lens into the complexities of religious identity in postcolonial Africa. It challenges assumptions of sectarian withdrawal and illuminates how Adventists actively participate in—and influence—the wider Nigerian religious marketplace.
