Essentials of Children's

Literature Carol Lynch-Brown

1999 The sixth edition

"Essentials of Children's Literature" offers a concise, straightforward presentation of children's literature that engages students and motivates them to share literature with children. Written with a comprehensive, "facts-only" approach, this lucid resource offers an abundance of examples to illustrate how to use children's literature in the classroom.

Beat the Turtle Drum

Constance C. Greene 1992-01

Twelve-year-old Kate and her younger sister, Joss, are close friends-which is unusual, because the two of them are completely different.

Thoughtful Kate plans to be a writer someday, while bubbly Joss makes friends wherever she goes. This promises to be

their best summer yet, because Joss is going to rent a horse for the week of her eleventh birthday. Although Kate is excited, she somehow feels that they are almost too happy-that something bad is bound to happen... Book jacket.

Becoming and Remaining a People Howard L. Harrod

2021-10-12 The power of religion to preserve individual and group identity is perhaps nowhere more evident than among Native American peoples. In *Becoming and Remaining a People*, Howard Harrod shows how the oral traditions and ritual practices of Northern Plains Indians developed, how they were transformed at critical points in their history, and how they provided them with crucial means of establishing and maintaining their respective identities. This book offers a bold new interpretation of anthropological studies, demonstrating how religious traditions and ritual processes became sources of group and individual identity for many people. Harrod reconstructs the long religious development of two village peoples, the

Mandans and the Hidatsas, describing how their oral traditions enabled them to reinterpret their experiences as circumstances changed. He then shows how these and other groups on the Northern Plains remained distinct peoples in the face of increased interactions with Euro-Americans, other Indians, and the new religion of Christianity. Harrod proposes that other interpretations of culture change may fail to come to terms with the role that religion plays in motivating both cultural conservatism and social change. For Northern Plains peoples, religion was at the heart of social identity and thus resisted change, but religion was also the source of creative reinterpretation, which produced culture change. Viewed from within the group, such change often seemed natural and was understood as an elaboration of traditions having roots in a deeper shared past. In addition to demonstrating religious continuity and change among the Mandans and the Hidatsas,

he also describes instances of religious and social transformation among the peoples who became the Crows and the Cheyennes. *Becoming and Remaining a People* adopts a challenging analytical approach that draws on the author's creative interpretations of rituals and oral traditions. By enabling us to understand the relation of religion both to the construction of social identity and to the interpretation of social change, it reveals the richness, depth, and cultural complexity of both past Native American people and their contemporary successors.

Children's Literature in the Elementary School Charlotte S. Huck 1979

In "Children's Literature in the Elementary School" Charlotte S. Huck advances the view that

exposing children to good quality children's literature is a vital element of successful school reading programs. Books for children should be 1) works of high literary quality, 2) useful in the curriculum, and 3) appeal to the young reader. Volumes that address this subject have traditionally been tasked with meeting a wide variety of objectives in higher education: if adopted by education departments methodological matters are stressed; under the school of library science bibliography is the object; and under the English department textual analysis is emphasized. This text is sufficiently broad as to adapt itself to any one of these approaches, and should serve as a valuable guide for teachers, librarians, and elementary educators in any capacity.

Quotation Index to Children's Literature

Melanie Axel-Lute 2001-04-15

Not just an anthology, this extensive index offers keyword, title, and author name access to more than 1,800 quotations from nearly 500 classic, award-winning, and popular works for children. Pearls of humor and wisdom from authors such as the Brothers Grimm, Dr. Seuss, Judith Viorst, and Shel Silverstein are at your fingertips. Very few quotations have been indexed in other works, making this a unique tool to find that elusive quote. A sure-to-please reference tool for school and public libraries-not just in children's departments-this book helps you identify the source of unusual terms or names such as tesseraet or Who-ville and makes a great resource for locating quotes addressing

special occasions. Fun for browsing!
