Heralds of Spring in Texas Roland H. Wauer
1999 We know by the calendar when springs officially begins, but how does nature tell us spring has come? In *Heralds of Spring in Texas* Roland H. Wauer walks us through Texas, from the Rio Grands to the panhandle, as spring arrives.

The Century Dictionary and Cyclopaedia:

Atlas 1897

Genus Americanus Loren Ghiglione

2020-10-25 A seventy-year-old Northwestern journalism professor, Loren Ghiglione, and two

twenty-something Northwestern journalism students, Alyssa Karas and Dan Tham, climbed into a minivan and embarked on a three-month, twenty-eight state, 14,063-mile road trip in search of America's identity. After interviewing 150 Americans about contemporary identity issues, they wrote this book, which is part oral history, part shoe-leather reporting, part search for America's future, part memoir, and part travel journal. On their journey they retraced Mark Twain's travels across America—from Hannibal, Missouri, to Chicago, New York, Boston, Philadelphia, Washington, DC, New Orleans, Salt Lake City, San Francisco, and Seattle. They hoped Twain's insights into the late nineteenth-century soul of America would help them understand the America of today and the ways that our cultural fabric has shifted.

Their interviews focused on issues of race, religion, gender, sexual orientation, and immigration status. The timely trip occurred as the United States was poised to replace president Barack Obama, an icon of multiculturalism and inclusion, with Donald Trump, whose white-identity agenda promoted exclusion and division. What they learned along the way paints an engaging portrait of the country during this crucial moment of ideological and political upheaval.

Bulletin Arkansas Geological Commission 1930

Explore Texas Mary O. Parker 2016-06-14 If you are interested in birdwatching, wildlife viewing, or stargazing; flowers, geology, or water; nature centers, festivals, or photography, a destination in Texas awaits you. From the desert gardens of Big Bend to hawk watching on the Gulf Coast to caving and bat watching in the Hill Country, nature-oriented travel in Texas also

includes lesser known getaways. Organized by the seven official state travel regions, Explore Texas features descriptions of almost one hundred nature-oriented sites, including information about the best time to visit and why it's worth going; location, and other logistics; and a "learn" section on the observations and natural phenomena a visitor might expect to experience. Photographs by professional photographer Jeff Parker accompany the accounts, and handy color-coded icons help guide readers to the activities of their choice. Perfect for planning the family's next outing or vacation, this book also contains a message of how nature tourism helps to protect biodiversity, promote conservation, and sustain the state's tourism economy.

The Yankee Chick's Survival Guide to Texas

Sophia Dembling 2001-12-27 In Texas "Yankee" is a loose term covering a lot of ground. If you're not a Texan or a southerner, you're a Yankee and therefore, to many Texans, suspect. There are many rites of passage to being a Yankee in Texas: the first time you spot a pickup with a gun rack; the first time you realize that a week is a long time to go without Mexican food; the first time you recognize a change in seasons; your first thunderstorm; your first honky-tonk.

Culture Shock in Texas can be intense and is exacerbated by local rules of propriety that tell us to keep our mouths shut. But here in this book we are going to talk all about it with good old Yankee outspokenness. We'll clear the air, share experiences, orient newcomers, and have some good laughs.

Delphi Complete Novels of Erle Stanley Gardner

(Illustrated) Erle Stanley Gardner 2024-11-24

The undisputed best-selling American writer of his time, Erle Stanley Gardner wrote over a 130 detective and mystery novels, the most famous of which feature the criminal defense lawyer Perry Mason. Gardner created several other popular characters, including Doug Selby, a virtuous crusading district attorney, the middle-aged, greedy private detective Bertha Cool and the knowledgeable legalist Donald Lam.

Gardner's works are noted for their complex plots and realistic depictions of legal proceedings, based on the author's personal experiences working as a lawyer. For the first time in publishing history, this eBook presents Gardner's complete novels, with numerous illustrations, rare texts, concise introductions and the usual Delphi bonus material. (Version 1) Please note: the posthumous Cool and Lam novel 'The Knife Slipped' was first published in 2016
