Fast Food and Junk Food Andrew F. Smith 2011-12-02 This fascinating and revealing work examines the incredible power of junk food and fast food—how nostalgic we are about them, the influence of the companies that manufacture or sell them, and their alarming effect on our country's state of health. In the last half century, junk food and fast food have come to play an extremely important role in American economic, historical, cultural, and social life. Today, they have a major influence on what Americans eat—and how healthy we are (or aren't). *Fast Food and Junk Food: An Encyclopedia of What We Love to Eat* tells the intriguing, fun, and incredible stories behind the successes of these commercial food products and documents the numerous health-related, environmental, cultural, and politico-economic issues associated with them. With more than 700 alphabetically arranged entries, this two-volume encyclopedia contains enough listings to allow readers to research a wide range of fascinating topics. The author treats the massive amount of subject material within this reference title in a fair and balanced manner. A secondary focus of this encyclopedia is to chart

the spread of some American fast food chains and commercially produced junk foods internationally.

Encyclopedia of Junk Food and Fast Food Andrew F. Smith 2006-08-30 Eating junk food and fast food is a great all-American passion. American kids and grownups love their candy bars, Big Macs and supersized fries, Doritos, Twinkies, and Good Humor ice cream bars. The disastrous health effects from the enormous appetite for these processed fat- and

sugar-loaded foods are well publicized now. This was particularly dramatically evidenced by Super Size Me (2004), filmmaker Morgan Spurlock's 30-day all-McDonald's diet in which his liver suffered the same poisoning as if he had been on an extended alcohol binge. Through increased globalization, American popular food culture is being increasingly emulated elsewhere in the world, such as China, with the potential for similar disastrous consequences. This A-to-Z reference is the first to focus on the junk food and fast food phenomena from a multitude of angles in addition to health and diet concerns. More than 250 essay entries objectively explore the scope of the topics to illuminate the American way through products, corporations and entrepreneurs, social history, popular culture, organizations, issues, politics, commercialism and consumerism, and much more. Interest in these topics is high. This informative and fascinating work, with entries on current controversies such as mad cow disease and factory farming, the food pyramid, movie tie-ins, and marketing to children, will be highly useful for reports, research, and browsing. It takes readers behind the scenes, examining the significance of such things as uniforms, training, packaging, and franchising. Readers of every age will also enjoy the nostalgia factor, learning about the background of iconic drive-ins, the story behind the mascots, facts about their favorite candy bar, and collectables. Each entry ends with suggested reading. Besides an introduction, a timeline, glossary, bibliography, resource guide, and photos enhance the text. Sample entries: A&W Root Beer; Advertising; Automobiles; Ben & Jerry's; Burger King; Carhops; Center for Science in the Public Interest; Christmas; Cola Wars; Employment; Fair Food; Fast Food Nation; Hershey, Milton; Hollywood; Injury; Krispy Kreme; Lobbying; Nabisco; Obesity; PepsiCo; Salt; Soda Fountain; Teen Hangouts; Vegetarianism; White Castle; Yum! Brands, Inc.

A Killer Maize Paige Shelton 2012-12-04 Becca Robbins is selling her farm-made jams and preserves at a county fair where business is not the only thing that's dead... The last person Becca expects to run into at the Swayton County Fall Festival is her ex-husband, Scott Triplett, who's operating a shooting gallery. Honesty was not always Scott's policy, and their unexpected reunion is further complicated when the festival becomes a crime scene. On Becca's second day there, Ferris wheel operator Virgil Morrison is found hanging from his rickety ride, dead from a gunshot. As Becca starts to notice Scott suspiciously sneaking around the fairgrounds, she begins to worry her ex may be involved in the murder. Then there's the shadow she sees in the creepy corn maze and rumors of a gypsy curse—not to mention Virgil's mysterious spider tattoo. Now Becca must search through a labyrinth of lies, secrets, and superstition to find a kernel of truth...before the killer starts stalking her.
