A Road Map to PLC Success Sean McWherter 2017-03-16 Educators often have trouble properly implementing Professional Learning

Communities (PLCs) because they simply don't know how the process is supposed to work. By cutting through the fluff and generalities, this book provides a clear road map that takes school leaders step-by-step through the entire PLC process. Each chapter addresses a foundational component or protocol necessary for building successful team-based learning communities, using real life examples to help teachers and leaders understand how to integrate this process and avoid common pitfalls that inhibit implementation. Whether you're just starting the PLC process or you're looking to get more out of your PLCs, this book will lead you to continued student and teacher growth, regardless of current achievement levels, socioeconomic status, or impending curricular changes. *Accomplishments* Los Angeles (Calif.)
