

Elementary Sewing Skills

Sewing 101, Revised and Updated Editors of Creative Publishing international 2002-12-01
Sewing 101 is a modern-day primer on the basic skills and techniques of sewing. Geared toward the absolute novice, it assumes you know little or nothing about the craft. With lots of step-by-step photos, useful sewing tip sidebars, and a painstakingly detailed glossary, Sewing 101 teaches you how to sew successfully. You will learn terminology used regularly in sewing, as well as all the basic skills that are the building blocks of the art. From threading the machine to sewing a straight stitch, to more complicated procedures such as installing zippers and following patterns, everything is covered. Chapters include such topics as: The sewing machine and its accessories Sewing supplies and how to use them How to shop for, prepare, measure and cut fabric And more. Each new technique is taught via the creation of an actual project, such as a pillow, window treatment, t-shirt, or baby blanket, thereby allowing you to learn a new skill and create an item to wear, display or use in your home. Dust off that machine and begin sewing for fun and function!'
The Art of Doing Jesse Lipscombe 2025-01-07
From the wildly popular speaker, how to embrace a life of curiosity, action and adventure while still mastering your to-do list In 2007, Jesse Lipscombe was training for the Beijing Olympics. An internationally top-ranked high jumper, his dreams of making the podium were shattered when he had a mini-stroke just five months before the Olympics. Jesse's stroke was a turning point in his life and changed his entire outlook. Rather than a singular focus on achieving a goal like an Olympic medal, he began to focus on the "doing" - and a world of opportunity, wonder and happiness unfolded for him. Lipscombe uses lessons from his life as an actor, speaker, writer, entrepreneur, pro-athlete and singer to craft a simple template that anyone can use to ensure they get out of the blocks and continue the momentum towards their dreams and goals. Lipscombe outlines tactics and strategies from passion, pursuit and

productivity including how to win through losing, the macro to the micro planning strategy, and how to only do what you love or find a way to love what you do. Sensible, practical and inspiring, *The Art of Doing* will help you do any and everything you hope for.

Elementary Sewing Skills Merchant & Mills 2014-07-17 A super-stylish new handbook from Merchant & Mills containing all the answers to sewing's most frequently asked questions. Providing an overview on the art of sewing, this handy volume is packed with information on the tools and materials you will need, seasoned with homegrown tips on essential good practice. Topics given the full Merchant & Mills treatment range from the planning stages through to putting the finishing touches to your project. Measuring and marking, form (including darts and gathering), seams, ease, hems, interfacing and closures such as buttons and zips are all covered. There is expert advice on using and understanding patterns, performing basic alterations, and of course plenty of tips on making the most of any dressmaker's best friend - the iron. Successful sewing is very achievable: just make sure that you have this book to hand at all times, and bear in mind the Merchant & Mills motto: do it once, do it well.
