New Deal Or Raw Deal? Burton W. Folsom 2009-11-17 A revisionist perspective on FDR's presidency and the New Deal argues that such government programs as social security, minimum wage, and farm subsidies didn't work in the 1930s and do not work now, and traces many modern problems to the FDR administration.

The Myth of the Robber Barons Burton W. Folsom 1991-01-01 In his book *The Myth of the Robber Barons*, Folsom distinguishes between political entrepreneurs who ran inefficient businesses supported by government favors, and market entrepreneurs who succeeded by providing better and lower-cost products or services, usually while facing vigorous competition.

Confronting the War Machine Michael S. Foley 2003 Focusing on the draft resistance movement in Boston in 1967-68, this study argues that these acts of mass civil disobedience turned the tide in the antiwar movement by drawing the Johnson administration into a confrontation with activists who were largely young, middle-class, liberal, and from suburban backgrounds--the core of Johnson's constituency.

Music Literature Outlines: 20th century American composers. 2nd ed Harold Gleason 1980

A Patriot's History of the United States Larry Schweikart 2014-11-25 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Autobiography of an Ex-white Man Robert Paul Wolff 2005 *Autobiography of an Ex-White Man* is an intensely personal meditation on the nature of America by a White Philosopher who joined a Black Studies Department and found his understanding of the world transformed by the experience. The book begins with an autobiographical narrative of the events leading up to Wolff's transfer from a Philosophy Department to the W. E. B. Du Bois Department of Afro-American Studies at the University of Massachusetts, and his experiences in the Department with his new colleagues, all of whom had come to Academia from the Civil Rights Movement of the 1960s. Wolff discovered that the apparently simple act of moving across campus to a new Department in a new building worked a startling change in the way he saw himself, his university,

and his country. Reading as widely as possible to bring himself up to speed in his new field of academic responsibility, Wolff realized after a bit that his picture of American history and culture was undergoing an irreversible metamorphosis. America, he realized, has from its inception been a land both of Freedom and of Bondage: Freedom for the few, and then for those who are White; Bondage at first for the many, and then for those who are not White. Slavery is thus not an aberration, an accident, a Peculiar Institution -- it is the essence and core of the American experience. Wolff's optimistic outlook leads him to express the hope that our acknowledging the realities of America's racial history and present will begin to tear down the formidable barrier to change. He sees this refashioning of the American story as a first step toward the crafting of a truly liberatory project. Robert Paul Wolff is Professor of Afro-American Studies at the University of Massachusetts-Amherst and the author of numerous books, including *Introductory Philosophy* and *In Defense of Anarchism*.
