**Barron's Guide to Military Careers** Donald B. Hutton 1998-09-01 There's a lot more than hype behind those recruitment spots that announce: "Be all that you can be!"..."Aim High!" and "It's More Than a Job--It's an Adventure!" In fact, America's modern military service branches offer young men and women training that prepares them for hundreds of different, highly rewarding manual, technical, and professional occupations. Barron's Guide to Military Careers is a must-read volume for everybody considering a career in the army, air force, navy, marines, or coast guard. The book features an inventory of each branch's major military equipment, resource listings that include available publications and videos, and a glossary of military terms. It also describes military training and available academic and special training

programs, as well as ROTC programs. Among the military career opportunities described in this book are those in administration, aviation, combat, construction, engineering, health, human services, law enforcement, machine work, public affairs, ship operations, and many more.

### **Mild Traumatic Brain Injury Rehabilitation**

**Toolkit** Margaret M. Weightman 2014 NOTE: NO FURTHER DISSCOUNT ON THIS PRODUCT TITLE --OVERSTOCK SALE -- Significantly reduced list price Traumatic brain injury (TBI) is a complex condition for which limited research exists. The recent conflicts in Iraq and Afghanistan have resulted in numerous service members returning home after sustaining TBI, and healthcare providers scrambling to find resources on how to treat them. This toolkit is a comprehensive source of inventories and therapy options for treating service members with mild TBI. All aspects of mild TBI are covered, including vestibular disorders, vision

impairment, balance issues, posttraumatic headache, temporomandibular dysfunction, cognition, and fitness, among others. With easy-to-follow treatment options and evaluation instruments, this toolkit is a one-stop resource for clinicians and therapists working with patients with mild TBI.

fully committed to the Nation's bidding. The systems and processes documented and explained in this work are designed to do just that. This text was prepared under the direction of the faculty of the Department of Command, Leadership, and Management. It is intended to be used in an academic environment during the study of the systems and processes used to develop and sustain trained and ready combat forces to be used by the Combatant Commanders.
