Art on Paper 2002

**Elements of Literature** 2000 State-adopted textbook, 2001-2007, grade 7.

**Interdisciplinary Approaches to Teaching Art in High School** Pamela G. Taylor 2006 The authors present works of art, artmaking skills, and ways of knowing as catalysts for learning across the traditional disciplinary boundaries in high school. Both timely and enduring, this is the book that will inspire and support the work of veteran, new, and pre-service high school art teachers. The book includes issues, theories, and practices related to high school curriculum, advocacy, classroom management, assessment, cultural understanding, idea-based instructional strategies, team-teaching, technology, visual culture, and student-initiated learning. The

authors draw upon their own experiences and those of other high school art teachers to create a motivating and provocative text that challenges readers to critically and continually reflect, collaborate, read, and research their own interdisciplinary thinking, teaching, and learning processes. - Publisher.
