camera, this book provides over 200 pages of original scenes and monologues to help them on their way. This material has been tested in acting classes across America, and is often used to gain acting representation. Whether the young actor needs a monologue, a scene with another young actor, or a scene with an adult/acting coach, this book provides age-appropriate material, comedy and drama, with crisp dialogue. There are also "Notes From The Coach"; suggestions and advice from a professional actor and acting coach, sprinkled throughout the book. Some of the scenes and monologues are simple; some, for the advancing student, are a bit more complex. And, because not all auditions or parts are long and involved, there is also a section of "Shorty" scenes in the back, with just a few lines each, where the student must create the character quickly. Casting directors and agents agree that the young actor must practice and refine their skills; this book is designed to help do just that.

One on One: Playing with a Purpose Bob Shuman 2013-05-01 Kids of today face a different world - and a different set of challenges - then did the children of even 15 years ago. *Playing with a Purpose* features a collection of monologues that reflects these new attitudes and circumstances. Highly diversified in its view of the family and the child's place in the world, the monologues have been chosen from several sources: from contemporary playwrights and screenwriters; from YouthPlays, a new company that specializes in publishing cutting-edge plays for the youth market; and from such conservatories for young actors as The Playground, the Los Angeles-based training center run by Gary Spatz, the leading acting coach for performers ages 6 to 16. "Playing with a purpose" is an idea that arose from Fife's work with young actors over the course of several decades.

Fame Junkies Jake Halpern 2008-01-03 In this groundbreaking book, Jake Halpern embarks on a quest to explore the fascinating and often dark implications of America's obsession with fame. Traveling across the country, he visits a Hollywood home for aspiring child actors and enrolls in a training program for would-be celebrity assistants. He drops by the editorial offices of US Weekly and spends time at a laboratory where monkeys give up food to stare at pictures of dominant members of their group. Whether he is interviewing Rod Stewart or the nation's leading experts on addiction, Halpern deftly uncovers the strange working of our fame obsessed psyches. By interweaving stories from his travels with new research, including original

findings from his own "fame survey," Halpern explains how psychology, technology, evolution, and profit conspire to make the world of red carpets and velvet ropes so enthralling. **Fame Junkies** is a provocative and insightful portrait of an America that wants nothing more than to see and be seen.

My First Monologue Book Kristen Dabrowski 2006 This groundbreaking new series is for truly young actors- monologues, scenes, and technique book for the elementary school set. Each book builds on the one before it, so skills grow as students grow. Often, young children are given work written for older actors that is difficult for them to understand and retain. This material is comprehensible, relatable, and fun. For all the young characters and performers, there is finally a book for you! And within this series, an exciting collection that breaks down barriers: Square pegs don't fit into round holes. It's that simple. Specifically for young actors of Hispanic descent, M. Ramirez has written a

group of books for second, third, fourth generation immigrant kids who don't often feel included in a lot of the literature they're surrounded with. References to abuelos, abuelas, and other cultural specifics help make these performance pieces a little more accessible to kids who might or might not be speaking English as a second language. all with a specific flavor that will help young actors find their voices and stretch themselves, performing pieces that speak not only about them, but directly to them. Because of the Latino flavor incorporated into this material, these kids can focus on what they are meant to focus on performing without any cultural barriers. KIDS: These books tell you about how to act and give you some excellent characters to play! There are also many, many games and activities. (P.S. They may also make you the smartest kid you know!) TEACHERS: This series provides ample material for classroom use. In addition, the Teacher's Guide will give tips and ideas to use

in classrooms. PARENTS: If you've got a natural performer in the house, this book provides some simple pieces for auditioning, horsing around, or performing in the living room. These books are both fun and educational. AGENTS/MANAGERS: These monologues are immediate and active, with different emotions and levels within each monologue. Great for auditions. Everyday life was never so nutty! Inside you'll find imaginative "what if" pieces for would-be princesses, cowboys, robots, and superheroes as well as real-life issues like unfair bedtimes, making new friends, and the horrible taste of broccoli. At this stage in life there are lots of firsts, too, like going to a new school and losing your teeth, so there are plenty of topics for children to connect with. "short, accessible selections on common topics such as games, families, food, friends, school, and wishes. The true-to-life experiences and emotions are delivered in a child's voice and run the gamut from funny to serious. . . . The book has several
