I was somewhat skeptical of purchasing your strategies and practice in fear it would not help. Reluctantly, I purchased your product (a practice exam and the strategies to pass) before sitting for the CPC exam. I received my results yesterday. I MADE A 92! I used all of the strategies you recommended (time management, highlighting, etc), which made all the difference in the world. Thank you so much!!!" - Heather T. "This is very good... I used your practice exam bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers which helped me learn while I corrected the test. When I took the practice test, I set a timer for 5 hr 40 min. and was able to complete in 3 hours with a score of 89%." - Linda B, CPC. "I purchased your practice exam package and think it's great. Using your tips, I completed all 150 questions in 297 minutes and scored an 84%." - Elizabeth H. "I am thrilled to report Greg that I passed my CPC Exam on December 12th!" - Kathleen C. "Your test was amazing, it help me out a lot." - Vickey L. "Well the practice test helped me pass my CPC exam. I got he good news last week!" - Erica J. Thanks again!" - Deanna A. "I did purchase the practice exam from you before the new year and I passed my CPC. I found out literally new years eve! Thanks for the great exam!" - Sabrina. CBCP and CPSCP Exams Study Guide and Practice Questions 2015/16 Edition

ExamREVIEW 2015-11-16 To earn the Certified Business Continuity Professional (CBCP) designation, you must pass a multiple choices exam administered by DRII affiliates or by Prometrics. This qualifying exam has a lot of questions that ask for your "best decisions" - of the hundreds of questions you will encounter in the exams, a significant portion of them requires that you pick the best possible options. These best options are often based on experience and best practices not easily found in the standard exam text books. There are also plenty of questions on concepts and theories. The Certified Public Sector Continuity Professional (CPSCP) is a specialty certification. It is for professionals that have demonstrated both the knowledge of and experience in Public sector continuity/disaster recovery. In addition to the BCP knowledge, one needs to know HSPD5, HSPD8, HSPD20, and FCD1 inside out in order to pass the exam. The two certifications share the same or highly similar concepts, principles and theories on continuity. In fact we recommend that you start with CBCP first and then move on to CPSCP as your second step. Information presented in this study guide covers BOTH the CBCP qualifying exam and the CPSCP qualifying exam. You should start with CBCP first (since the concepts are equally applicable to public sector scenarios) with the understanding

that risks within a public sector entity are for sure much broader than the traditional private sector risks.
